SIGNATURE PARTY

The Art of Styling

HELLO AND
Welcome

A warm welcome from Signature Party- Styling & Rentals!
My name is Narina and I am the creative power standing behind this brand
that is all about party and celebration in style.

As a mother, I know how stressful it can be to organize a 'perfect' party for a child
with high expectations. One of the biggest inspiration for me is to provide service for busy
mums and to help them translate their vision into life while reducing
the amount of energy they need to spend on organizing a party.

I truly enjoy making surprises and bringing smiles to people's faces, especially kids.
There are days in our lives that should be a little different from the daily routine, for instance,
an **Anniversary**, a **Wedding** or a **Birthday**. When time comes to celebrate,
I create magical atmosphere and unforgettable memories.

WHY SHOULD YOU *Hire Me?*

Have you ever dreamed about a party with a WOW-effect but was not able to create such style on your own? We will gladly do it for you as a one-of-a-kind experience from A to Z. We work only with high quality materials and modern luxury styles that aren't easily found on a mass market. We work with top professionals in the field and we will ensure an unforgettable experience for you and your guests.

Frequent Questions

1. Can I order only balloons, or just a backdrop, or a cake, or any other item separately?

- In order to create an experience and a beautiful atmosphere for you and your guests, it's important for me to create a styling zone for your party, for instance a Sweet Table. My service is not in providing separate items but in styling the entire event by combining the colors, forms and materials in such a way that they fit together naturally, organically, and stylishly.

2. Do I need to have a budget in mind?

- Yes, you do! Think of the maximum you are ready to spend for styling your event. Each and every party is specially customized for you. Therefore, while having your budget in mind, we can adjust elements that go into your individual plan.

3. Why do you charge a styling service fee? - I create and bring to life a concept of your event, we spend time talking about what exactly you want to see as a final product: colors, style, using of specific trends, interests and hobbies of your children, etc. I also coordinate all the vendors (e.g. banquet baker, graphic designer, décor manufacturer, printing service provider, event florist, balloon designer, etc.). In short, I'm your one-stop shop, the one and only point of contact you have in order to create an unforgettable event and experience for you and your guests.

The styling service fee is **20% from the total amount.**

Frequent Questions

- 4. Why do you charge setup and disassembling fee?** - Depending on the scale of the event we are styling, a number of our colleagues are allocated to set everything up, as well as disassemble on the location the same day, till 10PM.

Therefore, price is hourly based - **€30 per hour.**

- 5. What are the transport fees?** - Transport fees for the round trip depend on the distance from The Hague. For instance, round trip from The Hague to Amsterdam is €100. Round trip from The Hague to Rotterdam is €80.

- 6. The photos on your website and social media are fantastic! I really want to have the same for my celebration.** - In order to create such a beautiful effect and styling, I work only with top professionals in the field. For instance, we use only the best and proven bakers who are highly trained in their craft and who not only create beautiful cakes but also use the best ingredients. We also work only with high-quality materials: silk flowers, customized gold mirror signs, acrylic stands, high quality china, etc. It is also important to remember that if you want to get an event in particular theme/style/color, there is a number of required décor items that cannot be taken away from the package.
