Answers: 1 - Ice Hockey | 2 - Skiing | 3 - Rhythmic Gymnastics | 4 - Fencing | 5 - Football | 6 - Swimming

## What's in the athlete's lunchbox?

Sandwiches, cereal and seed bars, whole grains, protein smoothies, yogurt, milk, cheese, nuts, banana or other fruit, energy balls and many other healthy and nutritious things. Everyone can pick the snacks they like. You should never forget water, which is very important so that you do not get dehydrated.

## Secret ingredients for your snacks

### Cereals

Cereals are a good source of energy for running, jumping, gymnastics, dancing and all sorts of sports. Wheat, corn, rye, rice and oats are some examples of cereals. You can find them in bread, pasta and use them in different recipes like pancakes, muffins or cereal bars.

### Fruit

Fruit is always good but bananas are an athlete's best friend: they are very nutritious! After sports it is great for restoring energy.

### Yogurt, milk or cheese

Dairy is a good snack option. It is rich in protein and calcium that make your bones super strong.

### Eggs

Eggs are a super snack because they're full of nutrients that help you grow and strengthen your muscles.

### Dried fruit

Plums, dates or raisins are good sources of energy and can be a good way to sweeten recipes without using sugar. You can eat them alone or mix them in cakes, breads, energy bars, or yogurt.

### Honey

It's great for energy but remember it's rich in sugar so don't have too much!

### Cocoa

It is the fruit of the coconut tree and the main ingredient of everyone's favorite treat - chocolate! Chocolate gives you a good dose of energy.

### Nuts

Almonds, walnuts or hazelnuts are very powerful. They have many benefits for those who play sports such as healthy fats and proteins.

## Draw some sports snacks inside your lunch box
