

Make Payments Strategic: Simple ePayments for Dealerships

Significant bottom-line results

Through AP Assist's world-class electronic processes, we eliminate the cost of manual payments, saving your business money. Enjoy rebates and improve your cash management with easy, digital payments.

Dealerships can pay 100% of their invoices electronically

Corpay enables dealers to pay all of their invoices electronically through the same simple process. Consolidate all payment types (including ACH, card, and check) into one batch and ensure easy, straightforward reconciliation. Each payment is optimized for maximum benefit.

Payment Command Center offers continuous service

Our Payment Command Center (PCC) handles all supplier payment information and questions. PCC services include continual supplier enablement, ensuring the most up-to-date information is always used. All customers receive a subscription to our PCC with their ePayment solution.

Direct integration into CDK Global DMS

Corpay delivers simple, frictionless payments to the automotive and truck industry. Getting started is easy, and minimal IT resources are required.

“Our bank couldn't compete with you on price, card rebates, or service.”

Timothy Jefferies
CFO, Flow Automotive

**Payment Approvals
