

Case Study

Eyesonic Enterprises

A Corpay Payments
Customer for Over 5 Years

Company Overview

Eyesonic Enterprises is a provider of surveillance systems; everything from basic cameras for discreet home monitoring to sophisticated commercial security system. Eyesonic has been successful for

over two decades in the Pacific Rim and has gained international recognition as a strong and growing leader in the surveillance camera industry, and for providing courteous technical support alongside their 3-year replacement warranty, firmly setting the foundation for their reputation of maximum reliability.

Why Corpay

In the early discovery phase, Corpay demonstrated reliability and knowledge of currency risk management. Corpay's solutions offered rates that worked within Eyesonic's needs, as well as providing automated processes to help reduce the manual time and labor needed to process their growing orders. Their account representative also stood out for their knowledge of the industry, reliability, and comprehensive customer service.

The Challenge

As the Canadian-based Eyesonic has grown they found foreign exchange rate fluctuations caused growing exchange losses and accounts receivable turnover ratios. They identified that they needed a knowledgeable vendor that would provide them with the solutions they needed to manage their currency risk and one that was agile enough to react within tight deadlines.

The Solution

- **Excellent Customer Service:** Eyesonic knows that Corpay's technology is only as good as the team that supports it, including their dedicated representatives that are available 24/6, responding quickly and providing their knowledgeable assistance when needed.
- **Knowledgeable Experts:** As part of the Corpay service, market updates are provided regularly and Eyesonic has access to an international team to facilitate global transactions.
- **Cross-Border:** Corpay award-winning online trading platform was able to help introduce Eyesonic to the

"I really like Corpay's online platform, which gives us a clear and easy way to place orders and purchase funds, upload payment files, or settle to the bank account of our choosing. The platform reduces confusion and is really the best option for us to trade."

convenience of making transactions online at any time. The system enables them to book and respond to market changes when needed, as Cross-Border provides 24/7 access*. Features that have been of particular helpful are the upload tools, which allow them to upload their payment files, allowing them to see past transactions and export summaries, as well as an easy way to place money purchase orders.

*Cambridge Global Payments" and "AFEX" are trading names that may be used for the international payment solutions and risk management solutions provided by certain affiliated entities using the brand "Corpay".
