

# Lilly Helpline Offers Customized Insulin Affordability Options

Lilly, a global leader in diabetes since 1923, has opened the **Lilly Diabetes Solution Center** to assist people who need help paying for their Lilly insulin, such as those with lower incomes, the uninsured, and people in the deductible phase of a high-deductible insurance plan. Data show this program could benefit more than 400,000 people living with diabetes in the U.S. and Puerto Rico.

**Lilly Diabetes  
Solution  
Center**

**Call 1-833-808-1234**

The helpline is open Monday through Friday from 9AM to 8PM, ET

### **Savings**

Increased financial assistance for people who may need help paying for any Lilly insulin

### **Free Clinics**

Donation of free insulin to approximately 150 free clinics across the U.S.

### **Immediate Need**

Options to support someone with an immediate need for insulin

Patients who call the helpline will be connected with a representative who, after a confidential conversation and determining eligibility, may be able to offer solutions based on each person's circumstances.
