

RENEWABLE ENERGY CERTIFICATE

Certificate No. 2023-6040-0001

We hereby confirm
Harburg-Freudenberger
Maschinenbau GmbH
Asdorfer Straße 60
in 57258 Freudenberg

In cooperation with:

Stadtwerke Lemgo

the purchase of 100% green electricity from renewable energy plants with statutory environmental standards.

The guarantees of origin are issued towards renewable energy plants which comply with statutory environmental standards whilst being connected to the European grid. Furthermore, they fulfill the criteria for KlimalInvest ÖKOSTROM by KlimalInvest Green Concepts GmbH.

Harburg-Freudenberger Maschinenbau GmbH achieves climate neutrality for the determined renewable electricity consumption of up to 5.052 MWh in the period from 1st of January 2023 to 31st of December 2025. The upstream emissions that arise, for example, from the construction of the plants, are offset by climate protection projects

Compared to an electricity generation through energy sources constituting the German energy mix at the time of issuing this certificate, up to 1.907 tons of CO₂ emissions will be saved through purchasing and using renewable energy. In addition, estimated 52,0 tons of upstream emissions will be offset according to the product criteria catalogue.

The cancellation in accordance with § 30 Guarantees of Origin Implementing Ordinance (HkRNDV) is carried out and confirmed by the registry of the German Environment Agency.
