

Step+

MESH BACK OFFICE CHAIR

Step+ is a unique ergonomic office chair with a modern design, offering excellent adjustable back support. The wide range of Step+ Office Chairs are manufactured in Lahti according to the users' preferences. Step+ Office Chair is adjustable by height with a gas spring- Also depth of the seat and height of the back rest adopt to users' personal needs. The free-float mechanism makes the chair easy to use.

Step+ office chair collection has expanded with four new models with mesh back without compromising on the ergonomic qualities or seating comfort.

MESH BACK OFFICE CHAIR

Step+ office chair collection has expanded with four new models with mesh back without compromising on the ergonomic qualities or seating comfort.

By default, the Step+ Mesh Back Office Chairs are equipped with soft 3D 360° armrest with excellent adjustability. The mesh backrest is always equipped with lumbar support. The upholstery for the seat can be chosen from the wide variety of ISKU fabrics. There are also two options for size as well as for softness of seat (normal or soft) available. The difference between the models 28 and 38 is the size of the seat.

Materials and finishing

Upholstery	Black mesh backrest, seat upholstered with ISKU standard fabrics and leathers
Cross base	Plastic (black) or aluminum cross base with castors (black or aluminium) or pads (black or aluminium).
Armrests	Soft and adjustable 3D 360° armrest

MESH BACK OFFICE CHAIR

Datasheet

Thanks to the free-float mechanism, the seat and backrest follow the movements of the body completely independently of each other. The free-float mechanism is stepless and lockable to the desired position.

Step+ Mesh Back Office chair have two seat size option. In addition, you can choose the softness of the seat from two options, regular and soft.

The standard semi-soft castors of the cross base can be replaced with hard castors or pads is desired.
