MULTIPURPOSE TABLE

Design Ilari Jääskeläinen

Tables foot nicely supports the new arrival of solid wood for interior design in office and learning environments. Combining metal and wood has succeeded in a natural way. The structure of the foot is light looking but still very sturdy.

Available with antimicrobial materials.

Materials and finishing

Leg	Natuarl wood (birch, ash, oak), stained beech and ash colours and white painted.
Top	ISKU standard hard materials
Decorative metal part	Silver, chrome, white and black. Wine-red, blue and green.

Dimensions
