

ISKU Kombi

SHELVING AND STORING SYSTEM

Design by ISKU

Kombi is a wall-mounted shelving and storing system that allows for an efficient use of space. Keeping floor area clean and empty is important, especially in public spaces and laboratories in enhancing safety and cleanability.

The vertical shelf rails rest freely on the horizontal rail, that makes the mounting easy. In addition to the shelves, Kombi rails can be completed with cabinets with either roll-front or double doors. Kombi combines also nicely with ISKU Tendo cabinet series.

Materials and finishing

Rails	Powder coated steel (white).
Shelves & cabinets	ISKU furniture board (light & dark grey, black, white) or veneer (birch, beech, oak, ash).
Accessories	Notice board (H 490 mm) between the vertical rails.
