

Rudolf

CHAIR SERIES

The Rudolf is a versatile family of chairs featuring many different chair models and upholstery options. It is also well-suited for large interior design concepts. From the Rudolf family of chairs, you can find purposeful choices for all company spaces as well as learning environments. This comprehensive chair family features different seating options from small chairs through bar stools to conference chairs. A model with wooden legs is also available as an option.

Rudolf

CHAIR WITH PIPE LEGS

Design Mikko Paakkanen

Rudolf with pipe legs is well-suited to extensive decoration assemblies.

Rudolf is a wide and versatile range of chairs that offers a variety of models and upholstery options. From range of Rudolf chairs, you can select the perfect options to meet the space requirements on all company premises as well as learning environments. Chair is stackable.

Materials and finishing

Seat and backrest	Laminate in ISKU standard colours. Upholstery fabric from ISKU standard collection.
