**A Look Back to April**

# April Feature Release Highlights

Product	Feature Name	Feature Overview	Availability	Prerequisites
Integrations	Award Notification i Slack	Extend Social Recognition into Slack and integrate your program into your daily workflow. Award notifications can be viewed within the Slack application, increasing employee engagement with the program.	Early Access	Slack
Conversations	Conversations for Mobile	New features are available for Conversations in the native mobile app including auto-save, comments, and open check-ins. These enhancements improve the user experience on mobile and empower employees to manage their performance development from anywhere.	General Availability	Conversations, Mobile
Conversations	Status Updates	Help employees manage and track their work more effectively with new, client-defined status updates. Now, employees can add statuses like "in progress" on a priority or "consider" to feedback. Status updates are available across the entire product including Check-ins, Priorities, and Feedback.	General Availability	Conversations

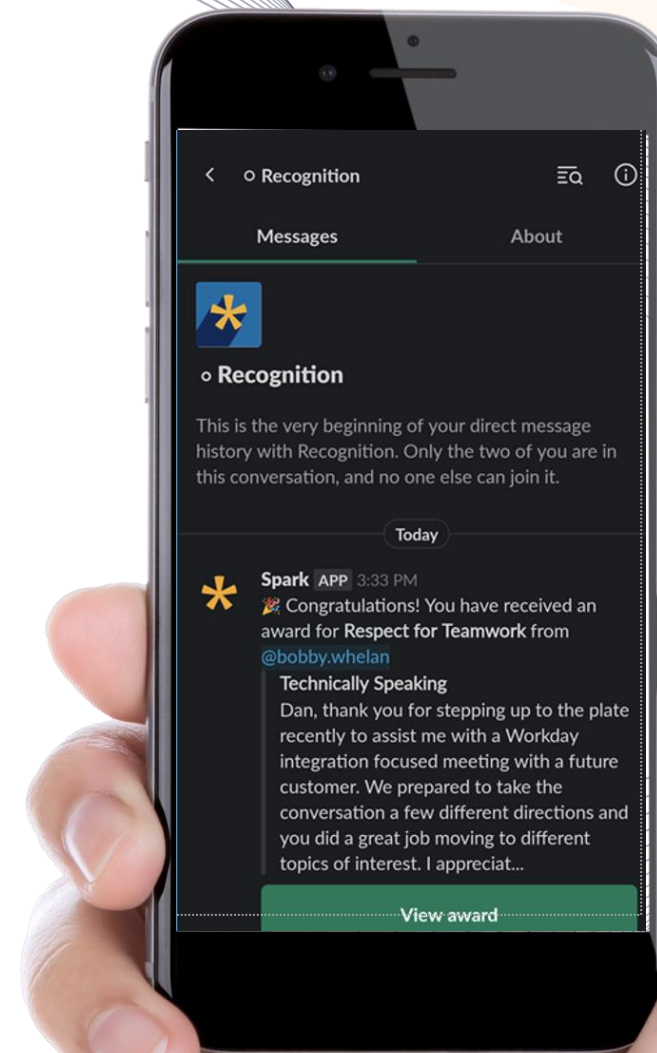

Early Access\*

# Integrations

## Extend Social Recognition into Slack

- Employees are notified in Slack when they receive an award
- Provides a direct link to the award in your recognition program
- Only visible to award recipient
- First of many planned Slack/Recognition integration features.  
More information coming soon

***\* Contact your account team you have clients interested in participating in the Early Access program***

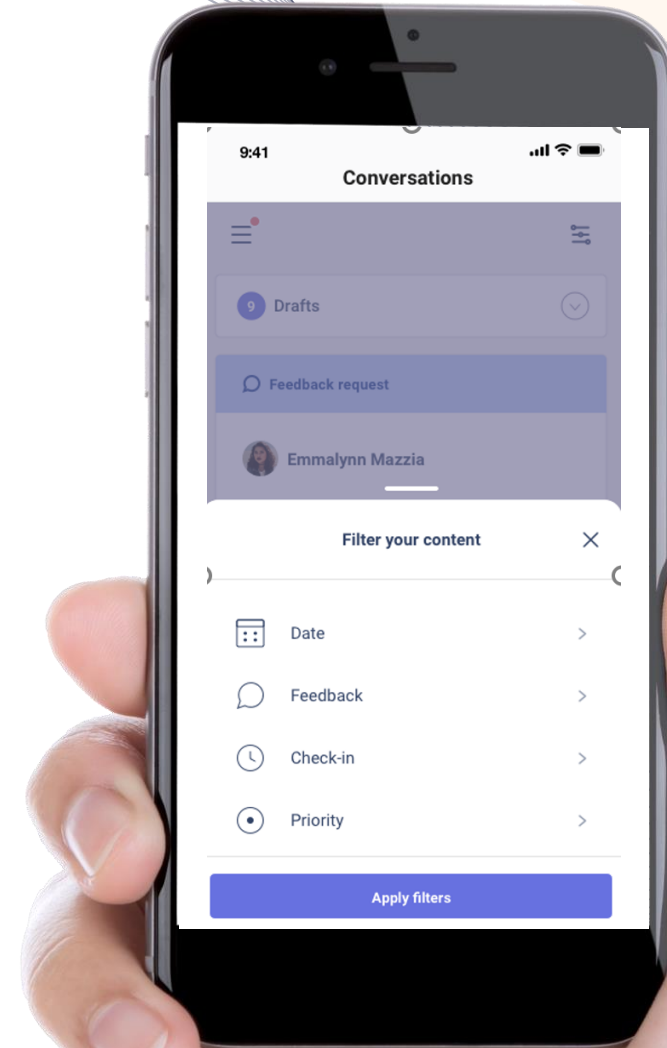

# Conversations

## Improve the user experience on Mobile

- **Features previously deployed to desktop**  
**Conversations will be available for mobile, including:**
  - Comments
  - Auto-save
  - Filtering
  - Open Check-ins
- **These enhancements:**
  - Improve the user experience
  - Empower employees to manage their performance development from anywhere

*\* To get started, download latest version of mobile app from app store*

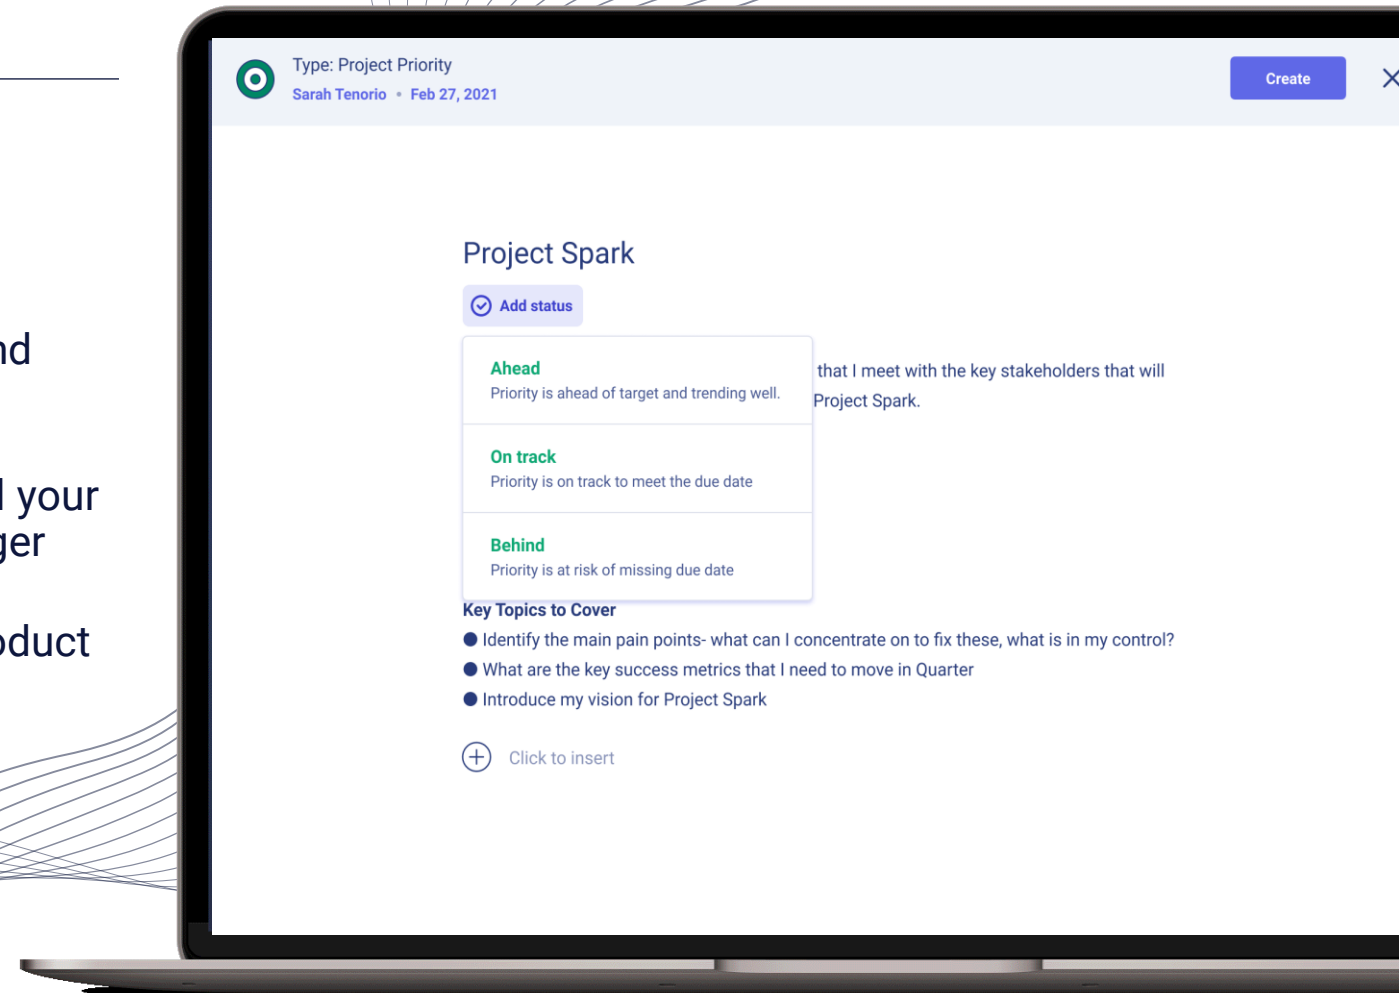

# Conversations

## Track and report your progress

- Define a unique status list for each area of the Conversations
  - For example, “In progress” for priorities and “Consider” for feedback
- Get a quick, visual view of your progress toward your goals and easily share with your team or manager
- Increase overall usage of the Conversations product

**What's Coming in May**

# What's Coming in May

Product	Feature Name	Description	Availability	Pre-requisites
Celebrations	HR Manager Invite to YOS	HR Business partners play an important role on the teams to which they are aligned. Now they will be notified of all upcoming service anniversaries, so they are able to join the celebration, improving the employee experience.	General Availability	Celebrations
Celebrations	Automated Birthday Awards	Never miss an employee's birthday again! Birthday awards are now automatically sent from Life Events to an employee and their Work Circle creating a meaningful, personal experience for every employee, while streamlining processes for admins and managers.	Early Access	Celebrations
Conversations	Tag Award Reasons	Extend your company values into Conversations. Employees can select from a list of company values (your award reasons) in the same way they do in recognition, aligning Feedback, Check-ins and Priorities to the values that matter most in your organization.	General Availability	Conversations
Mobile	Dark Mode	Do you enjoy using the dark mode setting on your iPhone/Android device? If so, you can now easily invert the color scheme of the Workhuman app from light to dark using a new dark mode setting.	Early Access	Mobile App

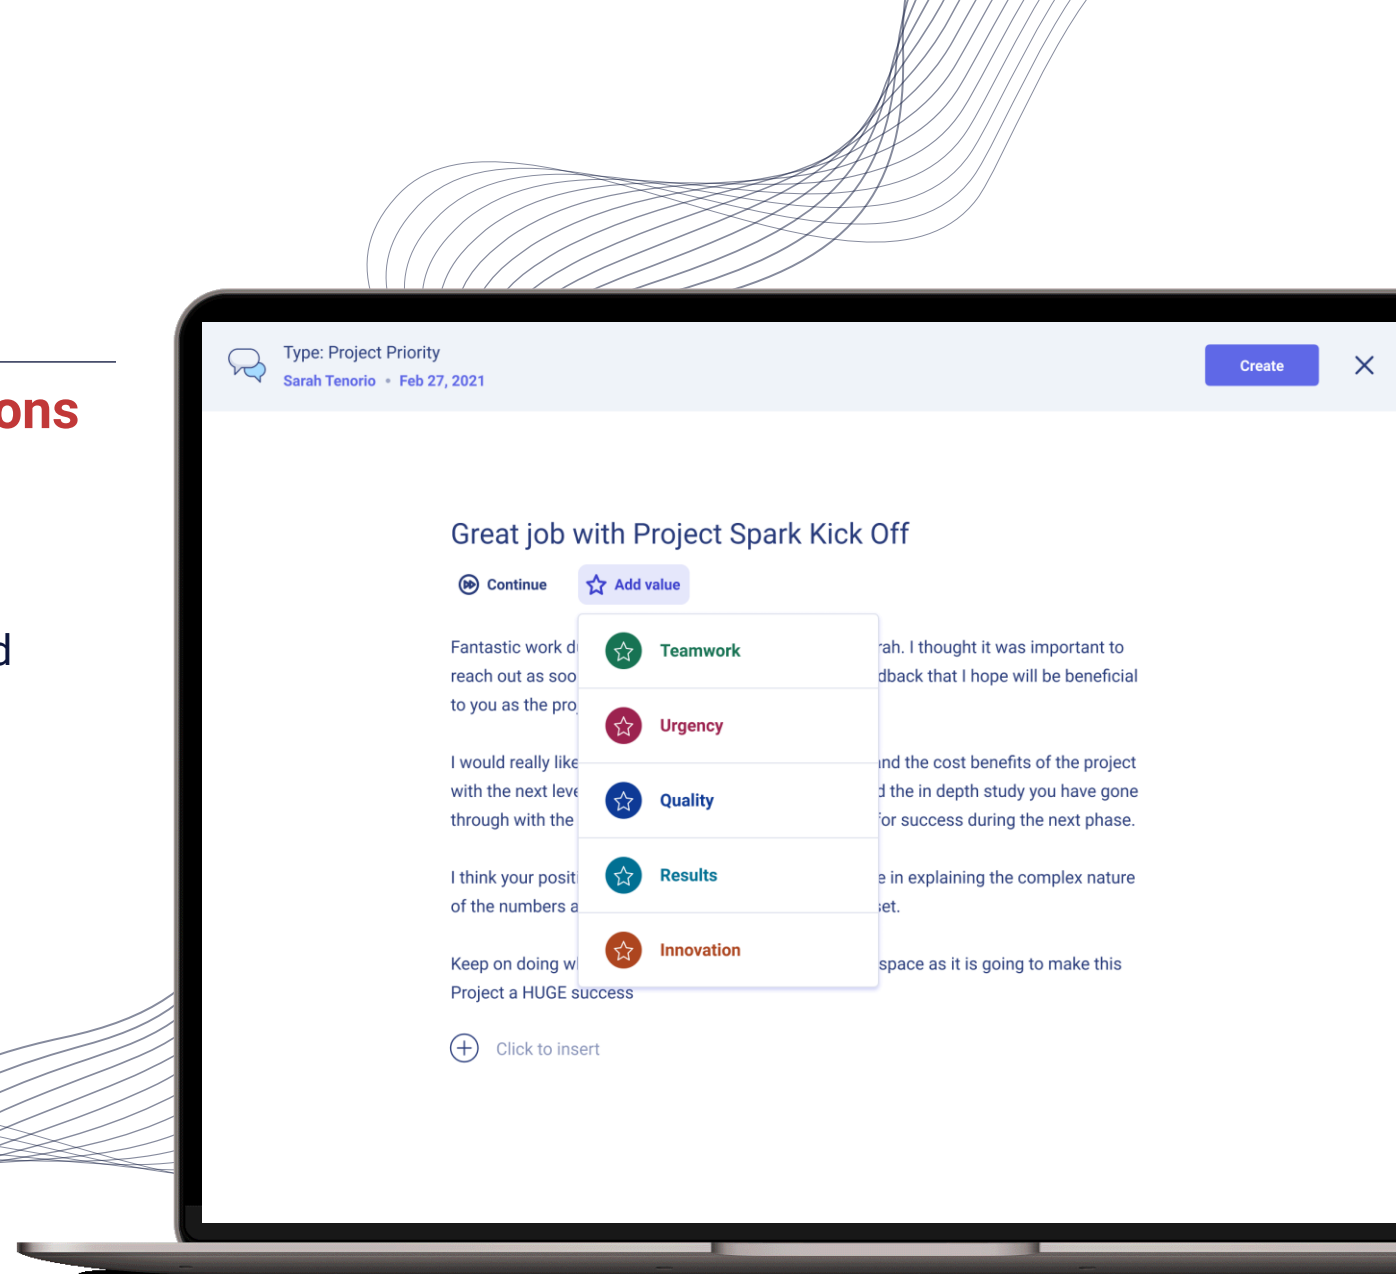

# Conversations

## Extend company values into Conversations

- Align Feedback, Check-ins and Priorities to the values that matter most in your organization
- Reinforce company values in a remote or hybrid environment
- Create a unified experience across Social Recognition and Conversations

*\*Contact your account team to get started*

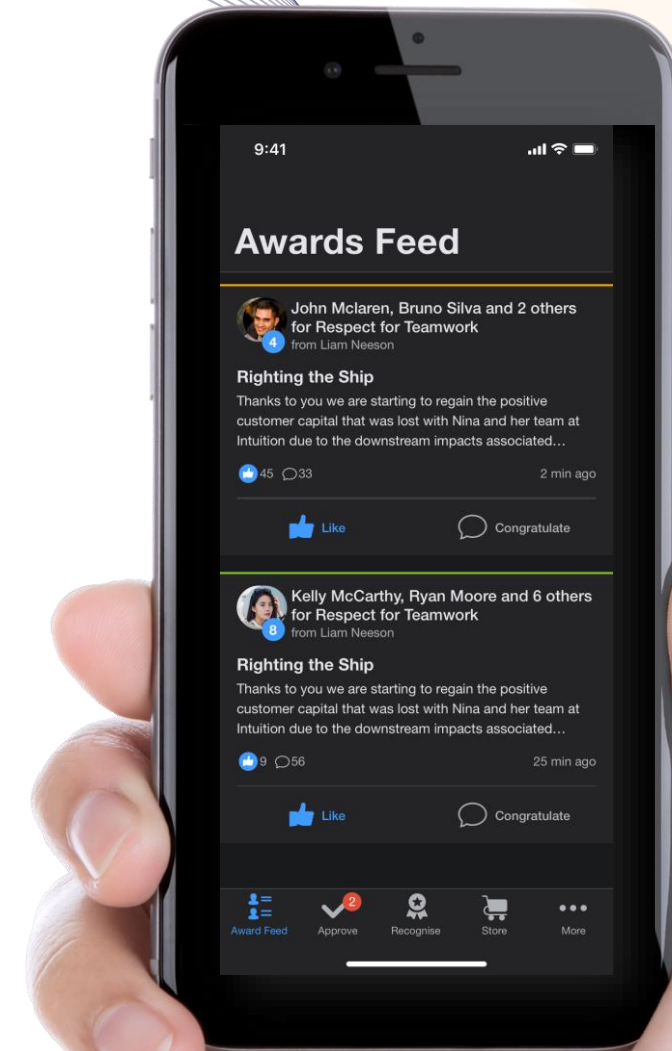

Early Access\*

# Mobile

## Dark Mode

- Invert the color scheme from white to black on your Workhuman mobile app
- Requires a mobile device that supports dark mode
- Available for both iOS and Android native apps

*\*Contact your account team to get started*

# Notification of New Subprocessor

---

*We are providing you written notice of our intention to use Customer.io as a subprocessor for email distribution. We will use Customer.io mail and analysis services to process and deliver emails, user notifications, and other types of communications. Data used will be limited to only that which is necessary to the provision of our services to you and your end users. Please email us at [privacy@workhuman.com](mailto:privacy@workhuman.com) if you have any objection to our use of Customer.io for this purpose within the timeframe required under our Agreement with you.*

Thank you

workhuman\*
