Disclaimer: The features listed in this document may not be immediately available to every recognition program due to Client specific program configurations. To check availability and to learn more about adopting these features, please contact your Customer Success Manager. These release notes are considered general release information, and as such, the features listed herein are subject to change at the sole discretion of Workhuman.

Workhuman reserves the right to revise the release notes or make improvements or changes to the features outlined in the release notes, at any time, and without notice. Workhuman makes no representations or warranties with respect to the contents of this document and specifically disclaims any implied warranties of merchantability or fitness for any particular purpose.

Feature Release Highlights

A look back to May

May feature highlights

Product	Feature	Feature Overview	Availability	Prerequisites
Celebrations	HR Manager invite to YOS	HR business partners play an important role on the teams to which they are aligned. Now they will be notified of all upcoming service anniversaries, so they are able to join the celebration, improving the employee experience.	General Availability	Service Timelines
Celebrations	Automated Birthday Awards	Never miss an employee's birthday again! Birthday awards are now automatically sent from Life Events to an employee and their Work Circle creating a meaningful, personal experience for every human.	Early Access	Life Events
Conversations	Tag Award Reasons	Extend your company values into Conversations. Employees can select from a list of company values (your award reasons) in the same way they do in recognition, aligning Feedback, Check-ins and Priorities to the values that matter most in your organization.	General Availability	Conversations
Ecommerce/ Mobile	Mobile Commerce	The Workhuman Store is now available on your mobile device! Discover and buy products, track orders, apply promotions, thank nominators when redeeming, top off orders with a credit card, and much more. Available for both iOS and Android. All future enhancements to the Store will be available for both mobile and desktop.	General Availability	Store, Mobile
Mobile	Dark Mode	Do you enjoy using the dark mode setting on your iPhone/Android device? If so, you can now easily invert the color scheme of the Workhuman app from light to dark using a new dark mode setting.	Early Access	Mobile

Feature Release Highlights

What's Coming in June

What's Coming in June

Product	Feature	Overview	Availability	Prerequisites
Conversations	New UI Design	Introducing a new, modern, user-friendly UI for Check-ins, Feedback, and Priorities. Employees are guided through each Conversation experience, with structured sections for check in date, description, values, and more. This new UI helps employees better craft their content and get more value out of their Conversations.	General Availability	Conversations
Reporting	Reporting Privileges updates	New reporting UI enhancements include additional filters available for Award Reasons, Status and Employee ID as well as multiple select filtering now available in more than one column at a time.	General Availability	Reporting Privileges
eCommerce	Enhanced Search	Find products faster in the Workhuman store with enhanced search capabilities. Enhancements include better navigation; new results display lists and suggestions, and enhanced filtering.	General Availability	Store
eCommerce	Shop My Balance	How often do you find yourself searching for products that are within your points budget? Now, shoppers can quickly tap “shop my balance” in the category menu or filter to find a full range of products just in their points range!	General Availability	Store

What's Coming in June (Cont.)

Product	Feature	Overview	Availability	Prerequisites
Integrations	Microsoft Teams Integration	Extend Social Recognition into MS Teams. Award notifications can be viewed within the Teams application, increasing employee engagement with the program. Additional use cases to come!	Early Access	Teams
Integrations	Newsfeed API	A new Newsfeed API allows organizations to integrate Workhuman with 3rd party applications of your choice, such as an employee portal. This new API extends to the Workhuman Cloud into other areas of the business and helps organizations drive adoption of their recognition program.	Early Access	API development resources
Integrations	Slack Enterprise Grid	Slack Enterprise Grid allows organizations to deploy, and workers to collaborate across, multiple workspaces. Workhuman's Conversations Slack integration can be deployed to cross workspaces through Slack Enterprise Grid.	Early Access	Slack Enterprise Grid / Conversations

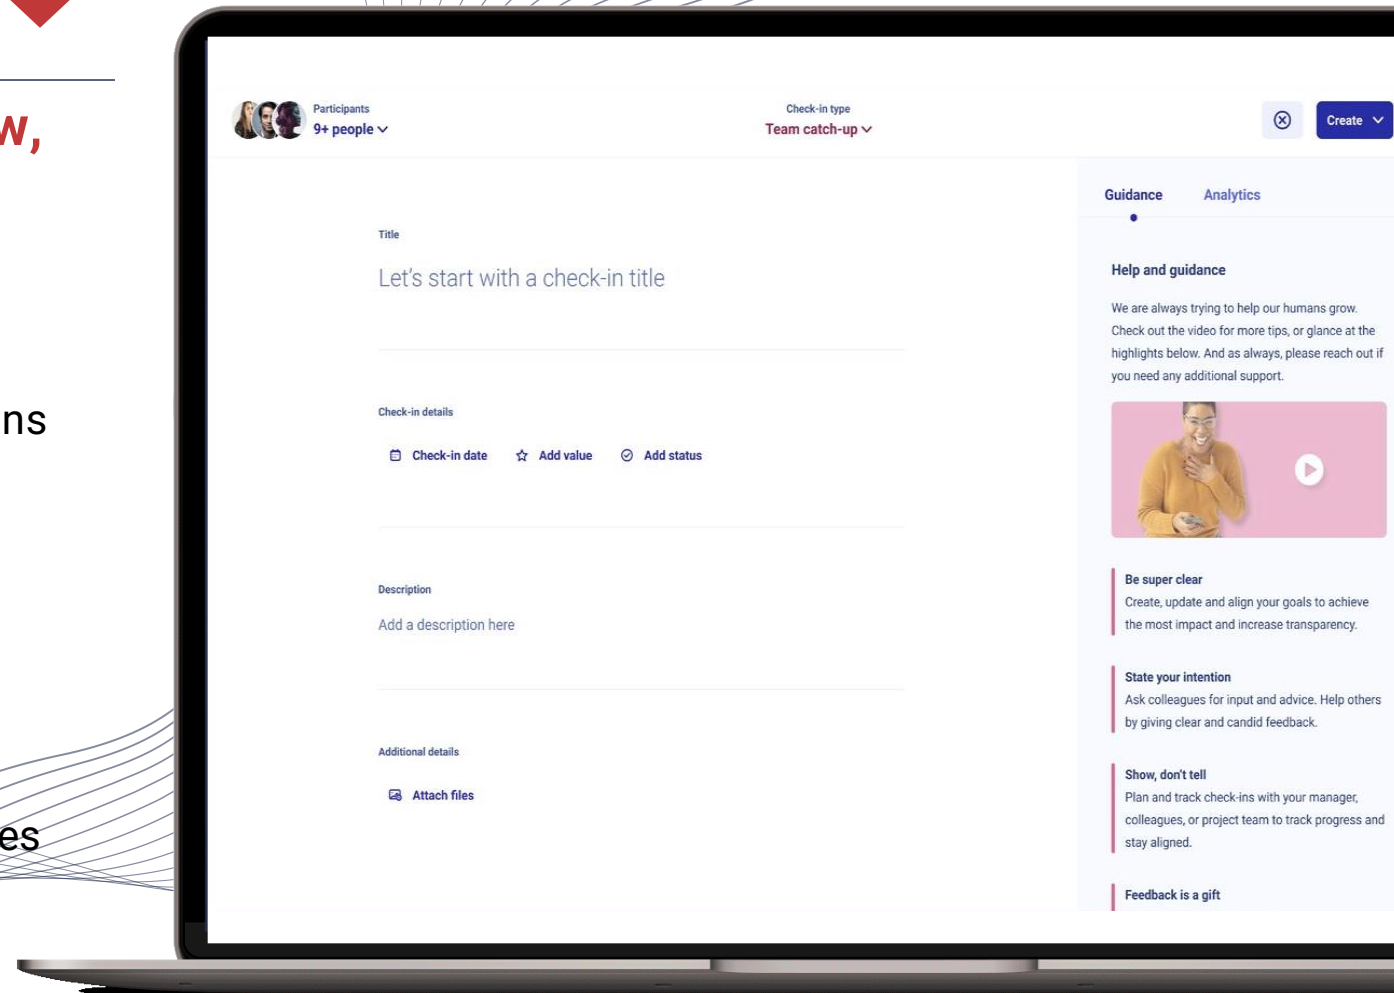

General Availability

Conversations

Enhancing the user experience with new, a modern UI

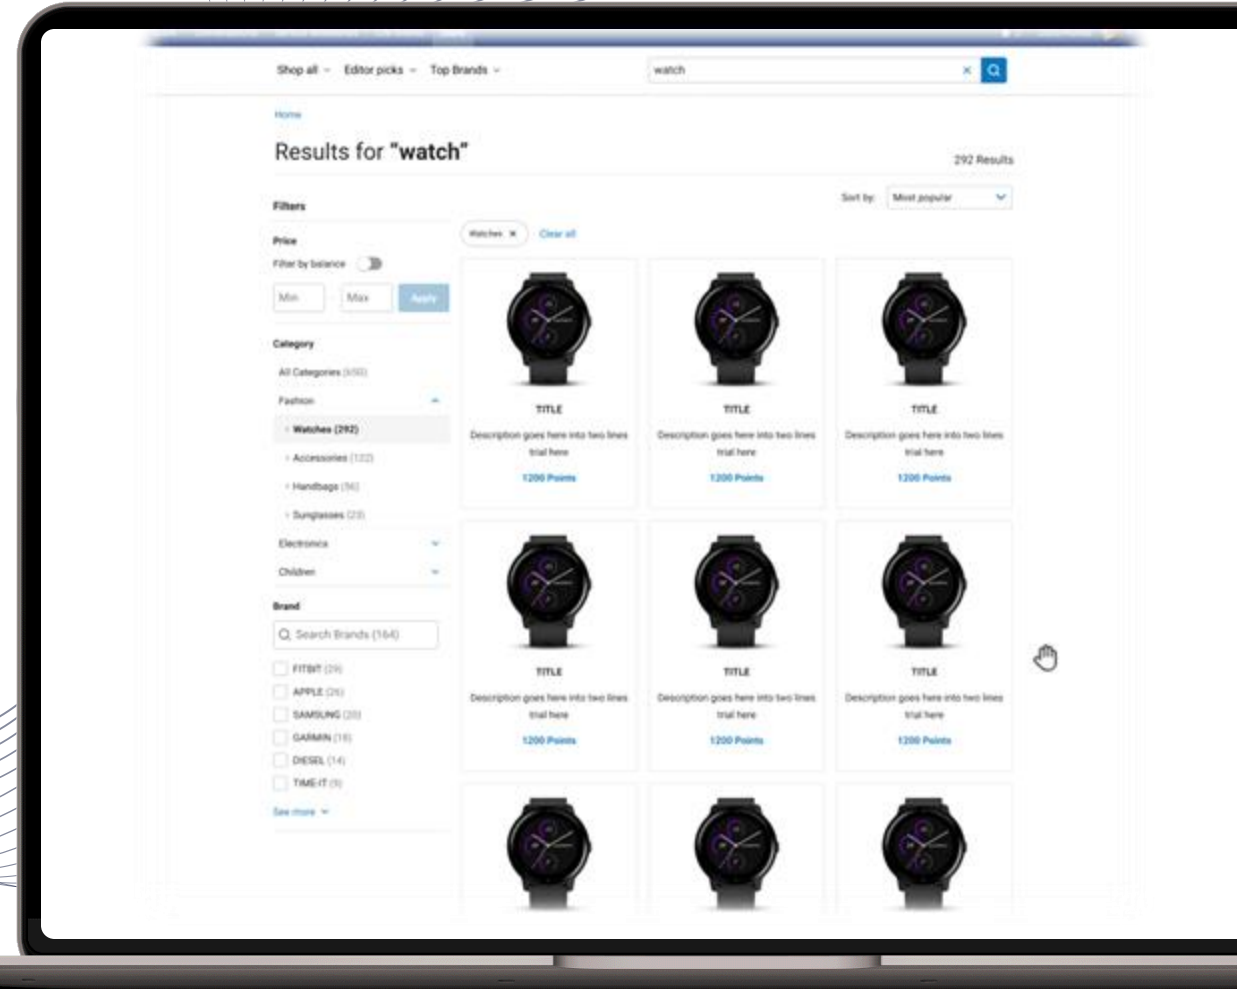

- A new, modern UI for Check-ins, Feedback, and Priorities guides employees through each Conversation experience, with structured sections for check in date, description, values, and more.
