

It's time to have the talk, and The New Drug Talk Oregon is here to help.

Equip yourself with the knowledge and tools to discuss the risks of fentanyl, fake pills, and other drugs effectively. The New Drug Talk OR offers specialized resources designed to help Oregon parents bridge this communication gap.

Key Features:

- Expertly crafted resources for having ongoing conversations with your kids
- Specifically designed for Oregon parents of teens & young adults

Together, we can ensure our messages about drug safety are heard and understood.
