

LOOKING FOR HEARTBURN RELIEF?

PEPCID® WORKS FAST AND LASTS ALL DAY*

Use products only as directed.

PEPCID® helps relieve heartburn by reducing the amount of acid the stomach produces.

STARTS WORKING FAST TO RELIEVE HEARTBURN

- Original and Maximum Strength PEPCID AC® start working in minutes†
- PEPCID COMPLETE® starts working in seconds

CONTROLS ACID FOR UP TO 12 HOURS‡ WITH JUST ONE TABLET

For 35 years, PEPCID® has been providing *clinically proven safe and effective* heartburn relief when used as directed.

For fast heartburn relief, choose the #1 doctor recommended acid reducer among OTC histamine-2 (H2) blockers

*Based on 8 hours of symptom relief studies during the day.

†Start to relieve heartburn in 15 to 30 minutes.

‡Based on 9-hour acid control studies during the day and 12-hour acid control studies during the night. Acid control does not imply symptom relief.

GET FAST, LONG-LASTING HEARTBURN RELIEF WITH PEPCID®

PEPCID® is the ORIGINAL brand of famotidine, a histamine-2 blocker (H2 blocker).

It decreases the amount of acid in your stomach by blocking the histamine receptors that trigger acid production.

PEPCID® comes in 3 forms—more than any other over-the-counter famotidine brand.

Whatever PEPCID® product you choose, you'll get fast heartburn relief and acid control that lasts all day or all night.*
