### 2. Policy Statement

---

#### 2.1. Statement of Purpose

---

- 2.1.1 Oversight of Summerset's external audit arrangements is the responsibility of the Audit & Risk Committee. This policy complements the Audit & Risk Committee Charter which specifies the Audit & Risk Committee's responsibilities as including:
- (a) Appoint, compensate and oversee the work of the external audit firm employed by the organisation to conduct the annual audit; and
  - (b) Pre-approve all auditing and permitted non-audit services performed by the company's external audit firm.
- 2.1.2 The role of the external auditor is critical for the integrity of financial reporting of Summerset. The purpose of this policy is to govern the assessment and maintenance of the external auditor's independence both in fact and appearance on an ongoing basis.
- 2.1.3 The External Audit Independence Policy primarily relates to the external auditor and their audit and review of the financial statements of Summerset.

#### 2.2. Approval of External Auditor

---

- 2.2.1 The Audit & Risk Committee shall only approve a firm to be external auditor if that firm:
- (a) Would be regarded by a reasonable investor with full knowledge of all relevant facts and circumstances as capable of exercising objective and impartial judgement on all issues encompassed within the external auditor's engagement;
  - (b) In the two years prior to the commencement of the external audit, has not had Summerset's Chief Executive Officer, Chief Financial Officer, or any member of Summerset management who acts in a financial oversight role as a member of its audit engagement team;
  - (c) Does not allow its audit partners to receive direct compensation for selling non-audit services to Summerset;

- (d) Given Summerset is a FMC entity, the external auditor must be an approved registered auditor; and
  - (e) Is approved by the Bond Supervisor to be the external auditor as required under the Bond Master Trust Deed.
- 2.2.2 The external auditor must monitor its independence and report to Summerset's Audit & Risk Committee annually that it has remained independent during the previous 12 months.
- 2.2.3 The Audit & Risk Committee must review the independence of the external auditor annually.
- 

### 2.3. Provision of Non-Audit Services by Summerset's External Auditors

---

2.3.1 The guidelines that follow are designed to ensure that related assurance services provided by Summerset's external auditors are not perceived as conflicting with the independent role of the external auditor. General principles to be applied in assessing related assurance services are as follows:

- (a) The external auditor should not have any involvement in the production of financial information or preparation of financial statements such that they might be perceived as auditing their own work. This includes the provision of valuation services where such valuation forms an input into audited financial information;
- (b) The external auditor should not perform any function of management, or be responsible for making management decisions;
- (c) The external auditor should not be responsible for the design or implementation of financial information systems; and
- (d) The separation between internal and external audit should be maintained.

#### 2.3.2 Services permitted to be performed

In addition to core audit services relating to statutory and regulatory audits, the following services are permitted:

- (a) Advice on appropriate accounting standards and the interpretation and application thereof;
  - (b) Listing advice;
  - (c) Accounting/technical training;
  - (d) Audits of existing company systems and processes;
  - (e) Audits of regulatory requirements;
  - (f) Reporting engagements to third parties e.g. prospectus opinions;

2.3.5 The Chair of the Audit & Risk Committee must also approve all permissible non-audit work assignments that are awarded to the external auditor, and the value of non-audit work must be reported at every Audit & Risk Committee meeting prior to work commencing.

2.3.6 Non-Audit service fees should not exceed 75% of the annual external audit and other audit/assurance services in any financial year. Notwithstanding this limit, if in the view of the Audit & Risk Committee of Summerset, the level of fees for non-audit services being paid to the external auditor is of a magnitude that could impair, or be perceived to impair auditor independence, the Audit & Risk Committee of Summerset may from time to time impose further restriction on non-audit work being awarded to the external auditor.

2.3.7 The external auditor is bound by their own internal and external audit independence policies and any work undertaken by them must not be in breach of those policies. External auditor to confirm their independence is not breached before commencing any pieces of work.
