How this policy works

The documents making up your Ultimate Life & Living Insurance policy are:

- your policy document(s). There is a separate policy document for each type of cover under your policy. This is the policy document for Ultimate Income Protection Insurance – Agreed Value
- your latest **policy schedule** which sets out the insurance cover(s) you have under your policy and other details as set out below
- your application(s) for your insurance cover and any other underwriting forms

Your Ultimate Income Protection Insurance – Agreed Value policy document tells you:

- when benefits are available if the **person insured** becomes **disabled**
- what benefits are not available (including general exclusions that apply)
- any other important information you need to know about this Ultimate Income Protection Insurance – Agreed Value

Your **policy schedule** tells you:

- who's the **policyowner(s)**
- who's the **person insured** on your policy
- what insurance cover(s) you have, along with the **wait period**, **benefit payment period** and the **monthly amount insured** of this Ultimate Income Protection Insurance – Agreed Value
- whether you have selected any **options**, which you can choose to add to your policy to provide an additional set of benefits or change the terms of your policy
- how much your policy costs (this is called the premium)
- when each of your insurance cover(s) start or restart
- any special terms, which can include:
 - personal exclusions. These are usually **pre-existing conditions** that the **person insured** has, or a specific pastime or occupation risk, which won't be covered under this policy
 - loadings. These are additional costs that are added to your premium due to the **person insured** having a specific health or lifestyle risk

Each policy document provides a separate type of insurance cover under your Ultimate Life & Living Insurance Policy. Each policy document should be read together with your **policy schedule** as these form the terms of that insurance cover. If there's any inconsistency between this policy document and your **policy schedule**, your **policy schedule** takes priority.

Benefits

Total Disability Benefit

✓ What am I covered for?

We'll pay this benefit if both of the following apply to the **person insured** following the **person insured** suffering a **disabled event**:

- they have been **totally disabled** or **partially disabled** throughout the **wait period** as a result of that **disabled event**
- they are **totally disabled** at the end of the **wait period** as a result of that **disabled event**

✓ What does total disabled mean?

For occupation classes 1-4:

Total disability (or totally disabled) means the **person insured** is:

- under the ongoing medical care and complying with the advice and actively engaging in treatment recommended by a **health professional**; and
- unable, solely due to **illness** or **injury**, to do either of the following:
 - perform at least one of their **important income-producing duties** in their **pre-disability occupation**
 - work more than 10 hours per week in their **pre-disability occupation**; and
- not working or engaged in any other occupation or business.

For occupation class 5:

Total disability (or totally disabled) means the **person insured** is **disabled** to such an extent, solely due to **illness** or **injury** that the **person insured** is unable to work or be engaged in any occupation or business, and either of the following apply:

- they are confined to their home under medical supervision or to a recognised medical institution and receiving on-going medical care
- they are **unable to perform** at least two of the **activities of daily living**.

✓ What occupation class is the person insured and how does it impact on my cover?

The **occupation class** for the **person insured** is shown in the **policy schedule**. However, the **person insured** is deemed as **occupation class 5** regardless of what is written on their **policy schedule** if any of the following applied immediately before they became **totally disabled** or **partially disabled**:

- they had been unemployed for 12 months or more
- they were on **employer-approved leave without pay** for more than 12 months
- throughout the previous 12 months they had either been unemployed or on **employer-approved leave without pay**.

Total Disability Benefit *(continued)*

💰 How much am I covered for?

If the **person insured** is **totally disabled**, we'll pay you the **monthly amount insured** less any other income (as defined below). This is paid in advance from the end of the **wait period**, after we have accepted a claim under this benefit.

For the purposes of this Total Disability Benefit, the following definition applies to 'Other Income':

'Other Income' includes:

- except to the extent excluded by the following set of bullet points, any other mortgage or income replacement payments, benefits, entitlements or compensation the **person insured** or their mortgage provider receives or may receive from any other insurer due to the **person insured's disability**.
- payments from **ACC** that the **person insured** receives or is entitled to receive
- any **monthly income** earned by the **person insured**.

This does not include:

- any sick leave payment entitlements received by the **person insured**
- any mortgage or income replacement payments, benefits, entitlements or compensation disclosed at the time of application, providing that the **person insured** has not experienced any change in circumstances since the application other than the **person insured's disability**
- any form of passive income where the **person insured** is not actively involved in generating the income, i.e. rental income, interest, dividends, investment returns or income from business.

✔ What else do I need to know?

- We'll start paying this benefit after the **wait period** has ended, and all documentation supporting the claim has been received and we have approved the claim
- we may stop payments if the **person insured** meets either of the following:
 - fails to follow advice or treatment recommended by a **health professional**
 - is not under the care of a **health professional**
- we may make requests, that can be ongoing for any claim, that the **person insured** undergoes any medical assessment by a **health professional** to:
 - assess their working capacity; and/or
 - prescribe a treatment plan
- if we have accepted a claim under this benefit and the **person insured** is **totally disabled** for less than a month after the end of the **wait period**, we'll pay this benefit for each day of that month the **person insured** is **totally disabled** calculated as the amount which is the monthly amount payable multiplied by 12 and divided by 365.
- if you cannot provide sufficient information to demonstrate the **person insured's** post-disability working capacity for the payment period, the benefit payment may be delayed until the relevant information is provided.

📅 When will a claim under my benefit end?

Any claim under this benefit will end when the earliest of the following events occurs:

- the **person insured** is no longer **totally disabled**
- the **benefit payment period** ends
- this Ultimate Income Protection Insurance – Agreed Value cover has ended
- the **person insured** is in prison or sentenced to home detention for any reason.

Partial Disability Benefit

✓ What am I covered for?

We'll pay this benefit if all of the following apply, following the **person insured** suffering a **disabled event**:

- the **person insured** is in **occupation class 1, 2, 3 or 4** immediately before the **disabled event**
- the **person insured** is **partially disabled** either:
 - at the end of the **wait period** as a result of that **disabled event**; or
 - immediately following a period of **total disability** that applied at the end of the **wait period** as a result of that **disabled event**
- having been either **totally disabled** or **partially disabled** or a combination of both throughout the **wait period**.

✓ What does partial disability mean?

Partial disability (or partially disabled) means the **person insured**:

- is under the ongoing medical care and complying with the advice and actively engaging in treatment recommended by a **health professional**; and
- is unable solely due to **illness** or **injury** to do either of the following:
 - work more than 75% of their **pre-disability working hours**; or
 - earn more than 75% of their **pre-disability income**.

✓ What occupation class is the person insured and how does it impact on my cover?

The **occupation class** for the **person insured** is shown in the **policy schedule**. However, the **person insured** is deemed as **occupation class 5** regardless of what is written on the **policy schedule** if any of the following applied immediately before they became **totally disabled** or **partially disabled**:

- they had been unemployed for 12 months or more
- they were on **employer-approved leave without pay** for more than 12 months
- throughout the previous 12 months they had either been unemployed or on **employer-approved leave without pay**.

💰 How much am I covered for?

If the **person insured** is **partially disabled**, we'll pay this benefit. This is paid in arrears from the end of the **wait period** after we have accepted a claim under this benefit for the period of **partial disablement**.

The amount we will pay is based on the following calculation:

Monthly amount insured x $((A - B)/A)$ less **other income** (as defined below)

In this calculation:

A = **Pre-disability income**

B = **Post-disability income**

The benefit will be recalculated as the **person insured's post-disability income** changes.

If we have accepted a claim under this benefit and the **person insured** is **partially disabled** for less than a month after the end of the **wait period**, we'll pay this benefit for each day of that month the **person insured** is **partially disabled**, calculated as the amount which is the monthly amount payable multiplied by 12 and divided by 365.

Partial Disability Benefit *(continued)*

For the purposes of this Partial Disability Benefit, the following definition applies to 'Other Income':

'Other Income' includes:

- except to the extent excluded by the following set of bullet points, any other mortgage or income replacement payments, benefits, entitlements or compensation the **person insured** or their mortgage provider receives or may receive from any other insurer due to the **person insured's disability**
- payments from **ACC** that the **person insured** receives or is entitled to receive.

This does not include:

- any sick leave payment entitlements received by the **person insured**
- any mortgage or income replacement payments, benefits, entitlements or compensation disclosed at the time of application, providing that neither you nor the **person insured** has experienced any change in circumstances since the application other than the **person insured's disability**
- any form of passive income where the **person insured** is not actively involved in generating the income, i.e. rental income, interest, dividends, investment returns or income from business.

✔ What else do I need to know?

- We'll start paying this benefit after the **wait period** has ended and all documentation supporting the claim has been received and we have approved the claim
- we may stop payments if the **person insured** meets either of the following:
 - fails to follow advice or treatment recommended by a **health professional**
 - is not under the care of a **health professional**

- we may make requests, that can be ongoing for any claim, that the **person insured** undergoes any medical assessment by a **health professional** to either:
 - assess their working capacity
 - prescribe a treatment plan
- if you cannot provide sufficient information to demonstrate the **person insured's** post-disability working capacity for the payment period, the benefit payment may be delayed until the relevant information is provided
- this benefit will not be available if you're receiving the Total Disability Benefit for the same period
- the Partial Disability Benefit will not be available if the **person insured** is deemed as an **occupation class 5** at the time of becoming **disabled**.

When will a claim under my benefit end?

Any claim under this benefit will end when the earliest of the following events occurs:

- the **person insured** is no longer **partially disabled**
- in our opinion, based on the advice of a **health professional** and other relevant information, the **disability** is no longer preventing:
 - the **person insured** from working at least 75% of **pre-disability working hours**; and
 - the **person insured** earning more than 75% of their **pre-disability income**
- the **benefit payment period** ends
- this Ultimate Income Protection Insurance - Agreed Value cover has ended
- the **person insured** is in prison or sentenced to home detention for any reason.

Recurring Claim Benefit

✓ What am I covered for?

We'll waive your **wait period**, if the **person insured** becomes **totally disabled** or **partially disabled** again due to the same or related **disabled event** within 12 months of their **previous claim** ending.

✓ What else do I need to know?

How we'll assess your continuing claim:

- we'll assess your Total Disability Benefit or Partial Disability Benefit claim as if it is a continuation of the **previous claim**. If the **person insured** returns to work during the **wait period** of the **previous claim**, we will credit the **wait period** served from the **previous claim** to the current claim

- all claims resulting from the same or related **disabled event** will be considered to be the same claim in relation to the **benefit payment period**
- you'll need to make a new claim and the **wait period** will restart if the recurring **disability** was not caused by the same or related **disabled event**, or if it comes back after 12 months of the **previous claim** ending.

Indexing While on Claim Benefit

✓ What am I covered for?

If we are paying a Total Disability Benefit or Partial Disability Benefit when a **policy anniversary date** is reached, your **monthly amount insured** will be updated if:

- you have chosen the Inflation Adjustment; and
- you have not chosen to opt out of the increase.

We will then calculate your benefit payments based on your latest **monthly amount insured**.

✓ What else do I need to know?

This benefit is not available, if either of the following occurs:

- you have chosen to have No Adjustment applied to your **monthly amount insured**
- the maximum **monthly amount insured** has been reached – this is the upper limit set by us and we will stop any increases when this occurs.

Bereavement Support Benefit

✓ What am I covered for?

If the **person insured** dies, we'll pay this benefit.

💰 How much am I covered for?

We'll pay three times the **monthly amount insured**.

✓ What else do I need to know?

- This benefit is payable in addition to the **monthly amount insured**
- to claim on this benefit, you'll need to provide relevant written evidence of the **person insured's** death
- this benefit is not payable if the **person insured's** death is directly or indirectly related to a general exclusion or to a personal exclusion noted on the **policy schedule**.

Return to Work Bonus Benefit

✔ What am I covered for?

We'll pay this benefit, if all of the following conditions are met:

- your **benefit payment period** is one of the following:
 - 5 years
 - to age 65
 - to age 70
- a Total Disability Benefit or Partial Disability Benefit has been paid for a continuous period of 12 months or more
- the **person insured** is no longer **disabled** and has returned to work for at least six months and throughout those six months they:
 - work more than 75% of their **pre-disability working hours**; or
 - earn more than 75% of their **pre-disability income**.

💰 How much am I covered for?

We'll pay three times the **monthly amount insured** after the **person insured** returns to work.

If the **person insured** becomes **totally disabled** or **partially disabled** again due to the same or related **disabled event** within 12 months of their **previous claim** ending under the Total Disability Benefit or Partial Disability Benefit, then the amount paid under this benefit will be either deducted from the amount of the Total Disability Benefit or Partial Disability Benefit or recovered directly from you.

✔ What else do I need to know?

- This benefit is payable in addition to the **monthly amount insured**
- we'll only pay this benefit once for each **disabled event** under this policy for the **person insured**.

Counselling Benefit

✔ What am I covered for?

If we've paid the Total Disability Benefit, we'll then reimburse you towards the cost of **counselling** for you, the **person insured** or the **person insured's close relative(s)**.

💰 How much am I covered for?

- Up to \$2,500 per **person insured**
- we'll only pay a counselling benefit once per policy if the **person insured** suffers a new **disability** or has a counselling benefit available under a separate cover on this policy.

✔ What else do I need to know?

- This benefit is payable in addition to the **monthly amount insured**
- you must pay for the **counselling** within 12 months of being paid the Total Disability Benefit claim
- to claim on this benefit, you need to provide us with a claim form and receipts within three months of using these services.

Special Care Benefit

✓ What am I covered for?

If we've accepted your claim for a Total Disability Benefit, we'll pay this benefit if the **person insured** needs **full-time care** at home due to being **totally disabled**.

The **full-time care** must be provided by either of the following:

- a **registered nurse** or carer whose profession is to provide nursing or similar services
- a **close relative** who was in paid work for at least 25 hours per week prior to the **person insured** becoming **totally disabled** and has since left that job to take care of the **person insured** in the role of carer.

💰 How much am I covered for?

For each month of **full-time care**, we'll pay you the lesser of the following, across all covers on this policy:

- the cost of **full-time care** where a **close relative** has not taken on the role of carer
- the **monthly amount insured**
- where a **close relative** has taken on the role of carer, the income lost by the **close relative**
- \$2,500 per month.

We'll only make one payment under this benefit at any time a claim for this benefit is accepted for the **person insured**, regardless of how many special care benefits there are on your policy.

✓ What else do I need to know?

- This benefit is payable in addition to the **monthly amount insured**
- we'll start paying this benefit once the **person insured** has received **full-time care** for three consecutive nights.
- we will consider medical advice by a **health professional** to determine if **full-time care** is required. We may also require confirmation from another **health professional** chosen and paid for by us. If, based on the medical advice received, we are not satisfied the **person insured** requires **full-time care**, no benefit is payable
- the **person insured** must return to work for 12 months before another Special Care Benefit is payable
- if **full-time care** is provided for less than a month, we'll pay this benefit for each day of that month the **person insured** receives **full-time care** on a pro-rata basis.

📅 When will a claim under my benefit end?

Any claim under this benefit is payable until the earliest of the following occurs:

- the **person insured** is no longer receiving a Total Disability Benefit
- a **health professional** confirms the **person insured** doesn't need **full-time care** anymore
- we've paid the Special Care Benefit for six months (in total)
- the **benefit payment period** ends
- this Ultimate Income Protection Insurance – Agreed Value cover ends.

- once your suspension period ends, your Ultimate Income Protection Insurance – Agreed Value will automatically resume. Any changes to your **monthly amount insured** during this time due to an Inflation Adjustment type will apply when suspension ends. The premium payable will be based on our premium rates at the time the suspension ends
- if your policy passes a **policy anniversary date** while your Ultimate Income Protection Insurance – Agreed Value is suspended, an increase in your premium may apply
- the time while your cover is suspended does not count towards any **wait period**.

Vocational Retraining, Rehabilitation and Support Benefit

✓ What am I covered for?

- We'll pay for vocational retraining, rehabilitation and support expenses to help the **person insured** return to work from being **totally disabled** or **partially disabled** if, in our opinion, the **person insured's disablement** is likely to last longer than the **wait period**. We will only pay this benefit if the **person insured** will be able, in our opinion, to return to their **pre-disability occupation** or a different occupation sooner with that vocational retraining, rehabilitation and support than without it.

💰 How much am I covered for?

- We'll reimburse you for vocational retraining, rehabilitation and support expenses incurred up to a maximum of 24 times the **monthly amount insured** in relation to any one **disabled event** across all covers on this policy
- if you have both Ultimate Income Protection Insurance - Agreed Value and another cover with us that contains a vocational retraining, rehabilitation and support benefit for the same **person insured**, we will pay the maximum of 24 times of the highest **monthly amount insured**, under the separate covers.

✓ What else do I need to know?

- We'll work with you and the **person insured** to put a plan in place to help the **person insured** return to work. We'll reimburse you for vocational retraining, rehabilitation and support expenses included in the agreed plan, if all the following apply:
 - we agree to the plan and any expenses before they are incurred, and you provide evidence of these expenses. We reserve the right to decline to approve a plan where we do not agree that the support, training or rehabilitation will assist the **person insured** return to their **pre-disability occupation** or where we do not agree that the support, training or rehabilitation providers are in line with equivalent providers in New Zealand.

- you and the **person insured** meet all requirements in the plan on an ongoing basis:
 - you and the **person insured** provide evidence of meeting all the requirements (including evidence of the **person insured's** ongoing active engagement in the plan when the plan has been recommended)
 - the **person insured** follows all on-going advice and treatment provided by a **health professional**
- we may stop payments if the **person insured** does either of the following:
 - fails to follow advice or treatment recommended by a **health professional**
 - is not under the care of a **health professional**
- we may make requests, that can be ongoing for any claim payments that the **person insured** undergoes any medical assessment by a **health professional** to either:
 - assess their working capacity
 - review the agreed plan
- if the **person insured** becomes **totally disabled** or **partially disabled** again due to the same or related **disabled event**, we'll only reimburse expenses up to the remainder (if any) of the 24-months' maximum payment under this benefit.
- if the **person insured** experiences a new **disabled event**, a new maximum payment will apply.
- if the **person insured** is eligible to receive vocational retraining, rehabilitation or support from any other source including **ACC** or under any other insurance policy, you and the **person insured** must use best endeavours to pursue any entitlement available from that other source before we will consider a claim under this benefit.

Emergency Transport Benefit

✓ What am I covered for?

If we've accepted your claim for a Total Disability Benefit or Partial Disability Benefit we'll reimburse you for emergency transport costs, if the **person insured** requires emergency transport while they are **totally disabled** or **partially disabled**, such as an ambulance service.

💰 How much am I covered for?

We'll pay the lesser of the following:

- the cost of emergency transport
- three times the **monthly amount insured**.

If you're eligible to receive, or can obtain, funds from other sources for emergency transport including travel insurance, we'll deduct that amount from what we'll pay you.

✓ What else do I need to know?

We'll reimburse the emergency transport cost, if all the following apply:

- we'll only pay this benefit once in any 12-month period.
- the **person insured** needs emergency transport because of their **total disability** or **partial disability**
- an appropriate **specialist** confirms the **person insured** needed the emergency transport for medical reasons
- we have accepted the Total Disability Benefit claim or Partial Disability Benefit claim for that **person insured**.

Bed Confinement Benefit

✓ What am I covered for?

We'll pay this benefit if the **person insured** is **totally disabled** during the **wait period** and meets one of the following conditions:

- they are admitted to a **hospital** and confined to a bed; or
- they are confined to a bed at home under the daily supervision or care of a **health professional**.

The confinement must be for a period of three consecutive nights or more and the admission or confinement must be during the **wait period**.

💰 How much am I covered for?

The daily amount payable will be a pro-rata share of the **monthly amount insured** calculated as the amount which is the monthly amount payable multiplied by 12 and divided by 365. This amount will be paid from the first night of bed confinement at home or admittance to a **hospital**.

We'll only make one payment under this benefit for the **person insured** in relation to any one **disabled event** across all covers on this policy.

✓ What else do I need to know?

- We'll start paying this benefit once the **person insured** has been confined to bed for three consecutive nights
- we will consider medical advice by a **health professional** to determine if bed confinement is required. We may also require confirmation from another **health professional** chosen and paid for by us.

📅 When does a claim under this benefit end?

Any claim under this benefit is payable until the earliest of the following occurs:

- the **person insured** no longer needs to be hospitalised or confined to bed under the daily supervision of a **health professional**
- 90 days (in total)
- the end of the **wait period** is reached.

Return to Home Benefit

✓ What am I covered for?

If the **person insured** has become **totally disabled** while overseas, and we have accepted a claim for a Total Disability Benefit, we'll reimburse the cost of a standard economy flight back to New Zealand or Australia for the **person insured** and one support person.

💰 How much am I covered for?

We'll pay the lesser of the following:

- the transport costs actually incurred for the **person insured** and one support person to return to New Zealand or Australia
- the cost of a standard economy flight back to New Zealand or Australia from the overseas location where the **disability** occurred for the **person insured** and one support person. Where more than one airline provides flights back to New Zealand or Australia at the relevant time we reserve the right to select which airline's standard economy fare will apply.
- three times the **monthly amount insured**
- \$10,000.

✓ What else do I need to know?

- This benefit is payable in addition to the **monthly amount insured**
- to claim on this benefit, you'll need to provide us with evidence of the transport costs before we reimburse you

05.

Types of adjustments

What type of adjustments to the monthly amount insured can I select?

You must choose from the following two adjustment types:

- Inflation Adjustment
- No Adjustment

The adjustment you've selected will be shown on your **policy schedule**. You can also have a combination of these adjustment types on different portions of your **monthly amount insured**.

The two types of adjustment are explained below.

Inflation Adjustment

If you've selected Inflation Adjustment, the **monthly amount insured** will increase every **policy year** by a percentage, at our discretion, of between 1% and 10%.

We'll decide what the percentage increase will be each **policy year**, and it will be guided by the most recently published **Consumer Price Index (CPI)** changes.

Any increase to the **monthly amount insured** will automatically apply at your next **policy anniversary date**. If you don't want the **monthly amount insured** to increase in any year, you can choose to opt out of the next increase by advising us at any time before your next **policy anniversary date**.

Your premium will be automatically adjusted to take into account the increase in the **monthly amount insured**.

The **person insured** won't need to answer any additional health questions as part of this increase.

The Inflation Adjustment increase won't apply if:

- you've asked us not to apply the inflation increase for that **policy year**
- you've declined the inflation increase for three **policy years** in a row. If this happens, your cover will automatically change to No Adjustment.
- the **monthly amount insured** can no longer be increased as it's reached the maximum that we set.

No Adjustment

If you've selected No Adjustment, the **monthly amount insured** won't be automatically increased at each **policy anniversary date**.

How can I change my adjustment type?

You can apply to change your adjustment type. Any requests will need to be made in writing and can be made through your adviser or our [Help Centre](#). We'll then let you know if you can change the adjustment type, at our discretion.

Changing your adjustment type may:

- result in your premiums changing
- require the **person insured** to answer some additional health questions.

06.

Using
your cover

What do I need to do to submit my claim?

It is important that you tell us as soon as possible of any event that may lead to a claim. To make a claim, your policy and the benefit you're claiming must still be in force at the time of the event.

If there's more than one **policyowner**, all **policyowners** must agree to the claim being made in writing, in addition to the standard requirements for making a claim.

It's important we receive all the information we ask from you in a timely manner during the claims process, as we may not be able to approve a claim payment and make ongoing claims payments until we have all the required information. This includes continuously:

- meeting all the requirements outlined in the **person insured's** agreed treatment or rehabilitation plan (if relevant)
- following the advice and undergoing any treatment recommended by the **person insured's** treating **health professional**
- providing the **person insured's** financial documents (including evidence of mortgage amounts, **monthly income**, **ACC**, business accounts)
- providing evidence of any work (paid or unpaid work) performed by the **person insured** during the claim period
- providing any other information we may request to assess your claim during the claim period (including claim forms, doctor's reports)
- providing any other information we reasonably requested to help us assess your claim.

We'll only pay out a claim after we're satisfied that the claim is legal and valid.

For any ongoing claims, as well as providing the information noted above, we may also require the following to be provided on a regular basis:

- monthly progress report from a **health professional**
- monthly claim form, including detailed information of the **person insured's** functional activities and income
- any other information available during the claim period related to the **person insured's** medical **condition**, working capacity, functional activities or income. This may include **ACC** medical certificates, medical reports and claims assessment outcomes from other insurers.

All fees for information we may request to support your claim must be paid for by you. However, if we need the **person insured** to take additional steps, such as providing additional information or undergoing any assessment by another **health professional** chosen by us to further help us assess your claim, these costs will be met by us.

We may stop any new or ongoing claim payments if you or the **person insured** does not meet these requirements we request, until we are satisfied that the requirements are being met.

We reserve the right to recover any claim amounts that have been paid out by mistake or claim amounts that have been paid out as a result of you breaching the terms of your policy or as a result of your dishonesty or fraud or the dishonesty or fraud of the **person insured**.

Who does my claim get paid to?

Any claim payments we make under this Ultimate Income Protection Insurance - Agreed Value will be paid to the **policyowner(s)** provided your premium payments are up to date.

We may contact the **policyowner(s)** to ensure all the requirements have been met before assessing the claim.

Once we're satisfied that a claim is payable in accordance with the terms of this policy document, we'll transfer the claim payments to one New Zealand bank account nominated by the **policyowner**. If there is more than one **policyowner**, all **policyowners** must jointly nominate one New Zealand bank account.

Am I covered while overseas?

The **person insured** is covered by this policy anywhere in the world unless you have a relevant personal exclusion that applies.

All benefit payments made under this policy will be in New Zealand dollars.

07.

Making changes to your policy

Who can view and change my policy?

Any **policyowner** can ask about claims for the **person insured** under your policy. When we give information to any one **policyowner**, we will treat that as giving it to all **policyowner(s)** (unless you have asked us to do otherwise).

It's possible to request to change some aspects of your Ultimate Income Protection Insurance – Agreed Value cover, including the following:

- increasing or decreasing the **monthly amount insured**
- longer or shorter **wait period**
- longer or shorter **benefit payment period**
- adding, removing or changing the **options**
- changing how often you pay your premiums
- changing your Inflation Adjustment type on your Ultimate Income Protection Insurance – Agreed Value cover.

Any requests to change your policy need to be made in writing by all **policyowner(s)** other than:

- a request to change a **person insured's** occupation which can be made by any one **policyowner** with a declaration from the **person insured** confirming the change; or
- a request to change how often you pay your premiums which can be made by the **policyowner** who is responsible for making the premium payment

and can be made through your adviser or our [Help Centre](#).

You may also transfer policy ownership of your policy at any time provided your premiums are up to date. We will need to register the transfer for it to be legally binding. If you remove yourself as a **policyowner**, you give up all rights and obligations under this policy.

If we approve your request, we will update your policy, adjust your premiums (if necessary), and provide the new **policyowner(s)** with an updated **policy schedule**. Any change to your premiums will start from the date of the premium payment after the change is approved.

How do I cancel my Ultimate Income Protection Insurance – Agreed Value or the policy?

If you'd like to cancel your Ultimate Income Protection Insurance – Agreed Value cover or the policy, all **policyowner(s)** will need to tell us in writing. This can be done through your adviser or our [Help Centre](#) at least 30 days before you want the policy to end. Any overpaid premiums at the time the policy is cancelled will be refunded.

Can nib cancel my policy?

It's important you and the **person insured** give us all information we need to decide the terms we'll offer for your policy. We may, subject to the Insurance Law Reform Act 1977 cancel your policy from the policy **start date** (and we may keep any premiums and recover any claim payments made) where you or the **person insured**:

- do not disclose all relevant information; or
- provide information that is substantially incorrect and material to our decision to issue your policy.

We may cancel the entire policy immediately if any of the following applies:

- your premium payment is overdue by more than 90 days
- the **person insured** on your policy has died
- you or the **person insured** have breached the terms of your policy

07. Making changes to your policy

- information provided by the **person insured**, you, or on your behalf (when applying for or making changes to the policy or making a claim) is not true, correct or complete
- your claim is fraudulent in any way
- you or the **person insured** behaves in an offensive or intimidating way towards an nib employee.

If we cancel your policy for any reason, including fraud, we'll let you know in writing, and may keep any premiums that have been paid to us. If we've already made any benefit payments for claims that were submitted fraudulently, we may recover the money from the **policyowner(s)**. Where there is more than one **policyowner**, each **policyowner** is severally liable for any resulting debt we are entitled to recover, and we may seek recovery from any one or more **policyowners** in our discretion.

We may cancel your Ultimate Income Protection Insurance – Agreed Value cover if your cover wasn't resumed after a suspension period. If this happens, we will let you know in writing and may keep any premiums that have been paid to us.

We won't provide any cover or be liable to pay any claim if the provision of that cover, or claim payment, would be to or in respect of a person who is the subject of any sanction, prohibition or restriction under:

- United Nations resolutions or trade or economic sanctions applied in New Zealand under the United Nations Act 1946
- the Russia Sanctions Act 2022
- the laws or regulations of the European Union, United States of America, Australia and/or New Zealand.

This applies without limitation not only to the **policyowner**, but to the **person insured** and any third party or related party of this policy.

Should we determine that the above is applicable, we may cancel the policy with immediate effect.

No surrender value

This policy has no surrender value or cash value if it is cancelled.

What if the person insured's lifestyle changes?

If the **person insured**:

- changes their occupation
- changes their lifestyle that means their personal exclusions may no longer apply – for example a diving exclusion was applied and the **person insured** no longer dives
- stops smoking or vaping,

you'll need to let us know as it may affect your premiums and/or the exclusions on your policy.

Where the **person insured** has stopped smoking or vaping, they need to have stopped smoking or vaping for at least 12 months continuously for us to be able to change the smoking status to non-smoker.

Any change to your premiums will take effect from your policy's next premium due date.

If there is more than one **policyowner** and one of the **policyowners** passes away, the ownership of the policy will transfer to the surviving **policyowner(s)**. If the deceased **policyowner** is the **person insured**, the proceeds of the claim will be paid to the surviving **policyowner(s)**.

Your responsibilities

As a **policyowner** or **person insured**, you must do the following:

- be truthful, correct and complete when making a claim
- ensure your premiums are paid on time

- provide us with any information we ask for if it is reasonable and related to your policy. The information must be true, correct, and complete at the time it's provided to us. You'll also need to tell us about any changes to the information you've provided as soon as possible.

If you, or someone acting on your behalf, or the **person insured** don't provide us with true, correct, and complete information (that you or they know, or should know), when you apply for insurance, change your policy or make a claim, depending on the individual facts of any situation, we may do all or any of the following:

- cancel your policy with immediate effect
- change the terms and conditions of cover provided under your policy, and apply these changes back to the **start date** of the Ultimate Income Protection Insurance – Agreed Value or the policy **start date** as we determine appropriate
- not pay any claims after the **start date** of the Ultimate Income Protection Insurance – Agreed Value or the policy **start date** as we determine appropriate

09.

About your premiums and benefits

Managing your payments

To keep your policy active so you can make a claim, you'll need to make sure that payments for your premiums are up to date. Your premium includes any applicable policy fee.

If your premium payments are overdue and you're eligible for a claim payment, we will automatically deduct any unpaid premiums from any claim payments due under this policy and pay you the difference.

If we send you communications about your premiums and they're returned to us, we'll keep making deductions until you tell us to stop. This is to ensure your policy continues until it's cancelled (see '[Can nib cancel my policy?](#)' section of this policy document).

You can pay your premiums up to 12 months in advance from your **policy anniversary date**.

How are my premiums and claims being managed?

Under the Insurance (Prudential Supervision) Act 2010, we're required to establish a statutory fund. All premiums we receive under your policy will be held in the nib nz Life Statutory Fund. All claims paid will also be paid out from this Fund.

Changes to your benefits

Safeguarded benefits and future upgrades

The benefit wording, terms, important words and exclusions for this policy are safeguarded from detrimental changes by us.

We can only make changes to these that may be detrimental, if:

- a law that applies to your policy has changed (including tax changes); or
- information provided by you, or on your behalf, or by the **person insured** is not true, correct and complete.

If we make any improvements to our on-sale Ultimate Income Protection Insurance - Agreed Value cover in the future, that favourable change will automatically apply to you if that benefit exists in your policy. Any enhancements or improvements to any **options** will only be passed back if the **option(s)** are shown on your **policy schedule**.

When a claim is made, we'll compare the enhanced benefit of the latest policy wording against your original policy wording and apply the most favourable terms to your claim. If we can't determine which version of the policy wording is more favourable, you'll decide which version you want to claim under. Once you've made this decision, you won't be able to change this.

The improvement to the policy will only apply from the date that we choose. This date is called the **pass-back date**. The improvement will only apply to claim events that first happen on or after the **pass-back date**. The improvements will not apply to any claim when any sign, symptom, treatment, or surgery of the claimed **condition** happened on or before the **pass-back date**.

Any personal exclusions, loadings or special terms that apply to your policy won't be impacted by any improvement in the policy wording and will continue to apply to your policy.

Any premium increase as a result of the improvement(s) will apply at your next **policy anniversary date**.

What happens if there's a change in the tax treatments to my Ultimate Income Protection Insurance – Agreed Value cover?

Most of the benefits payable under the Total Disability Benefit and the Partial Disability Benefit under this Ultimate Income Protection Insurance – Agreed Value cover are generally not taxable. We recommend you seek your own tax advice if you have questions on how your benefit payments should be treated.

If the New Zealand Inland Revenue Department (IRD) declares that benefit payments under the Ultimate Income Protection Insurance – Agreed Value cover are taxable, or if for any other reason we form the view that benefit payments under the Ultimate Income Protection Insurance – Agreed Value cover are taxable, we will allow you to increase the **monthly amount insured** to reflect the impact of tax on your potential benefit payment. The **person insured** won't need to answer any additional health questions as part of this increase. This option is available within a 90-day window after IRD has made this ruling or we advise you of our view. The increased amount will have the same personal exclusions, loadings or special terms as your existing **monthly amount insured**. Your premium will be adjusted according to any increases in the **monthly amount insured**.

Changes to your premiums

As the **person insured** gets older, we'll review and adjust your premiums on each **policy anniversary date** to reflect their current age, and **monthly amount insured**.

There may also be a change to your premiums for any of the following reasons:

- the **monthly amount insured** has changed
- the **person insured's occupation class** has changed
- the **wait period** has changed
- the **benefit payment period** has changed
- our premium rates have changed
- we determine that a policy fee needs to increase due to an increase in operational expenses
- there has been a change in how premiums are calculated
- a law that applies to your policy has changed (including tax changes).

We won't make changes to your premiums because of any individual claims that have been made under this policy.

If we need to make changes to your premiums, we'll let you know at least 30 days before the change(s) take effect.
