Authorised for release to the ASX by

John Lamb  
Executive Chairman and CEO

### About Myanmar Metals Limited

Myanmar Metals Limited (ASX: MYL) is an explorer and mine developer listed on the Australian Securities Exchange. MYL intends to become a leading regional base metals producer and is well positioned to realise this goal, based on the Tier 1 Bawdwin project resources, world class exploration potential, strategically advantageous project location, management team with experience and depth, highly capable local partners and a strong balance sheet with supportive shareholders.

The Company holds a majority 51% participating interest in the Bawdwin Project in joint venture with its two local project partners, Win Myint Mo Industries Co. Ltd. (WMM) and EAP Global Co. Ltd. (EAP).

The Bawdwin Joint Venture (BJV) intends to redevelop the world class Bawdwin Mineral Field, currently held under a Production Sharing Agreement (PSA) between WMM and Mining Enterprise No. 1, a Myanmar Government business entity within the Ministry of Natural Resources and Environmental Conservation.

The Company holds a 51% interest (earning up to 85%) in Locrian Precious Metals (Locrian) which holds granted exploration tenure over the Tarlay gold project in eastern Shan State.

The Company has agreed to acquire 100% of Myanmar Reserves Development Company Limited which holds two granted exploration licences in the Sagaing Division of Myanmar.
