What is the Reserve Fund?	The Reserve Fund is a contingency or reserve fund used to offset the cost of major repairs or replacements in the future, such as lifts, roofs, windows, doors, driveways, paths, heating systems, and fencing. Contributions to the costs of major repairs, replacements and improvements within the community are collected through the Community Fee payable by tenants.

A rolling capital investment programme is in place to ensure that the properties are always safe and maintained in good condition.
Will tenants be liable for further charges if the Fund is unable to cover the full costs of major capital works?	If there is any unforeseen need for capital investment and it cannot be met from the Reserve Fund, Belong would cover the costs and seek to recover these through future increases in the Community Fee.
