

Efficient Product Rebates Opportunity Worksheet

Complete this worksheet if you:

- Are looking to make your business more energy efficient but don't know where to start
- Have multiple types of equipment that could benefit from being upgraded
- Are interested in a complimentary energy audit* for your business

* An energy audit consists of an Efficiency Nova Scotia member visiting your business to identify energy saving opportunities, such as lighting, heating, equipment, motors, pumping and refrigeration. Availability of the audit is subject to approval of your application.
