

# Efficient Product Rebates

## Commercial Agricultural Rebate Worksheet

For assistance in completing this Commercial Agricultural Rebate Worksheet please refer to the **Commercial Agricultural Rebate Guide**.

To receive your rebates, enter the product details in the table(s) below. To prevent unnecessary delays in the processing of your application, please complete all of the information requested.

### General Business Information:

Hours of operation

|       | Open | Close |
|-------|------|-------|
| MON   |      |       |
| TUES  |      |       |
| WED   |      |       |
| THURS |      |       |
| FRI   |      |       |
| SAT   |      |       |
| SUN   |      |       |

Are there times of the year when your business is non-operational?

☐ No

☐ Yes - general holidays

☐ Yes - seasonal shutdown

☐ Yes - for other reasons

Explain:

Explain:

NOTES:

How is your facility heated? ☐ Electric ☐ Non-electric

Water Heating Source (Heat Reclaimer Units Only): ☐ Electric ☐ Non-electric

### Instructions

1. Review the criteria on the **Agricultural Equipment Rebate Guide** to verify that your selected products qualify for rebates.
2. If products are eligible, complete the Agricultural Equipment Rebate Worksheet.
3. Attach completed Agricultural Equipment Rebate Worksheet to the rest of your application.

### High Efficiency Fans

| Installation location |          | Product:<br>Ventilation or<br>Circulation | Manufacturer | Model   | Unit<br>Efficiency<br>(cfm/<br>Watt) | Airflow<br>(cfm) | Annual<br>Operating<br>Hours | Quantity |
|-----------------------|----------|-------------------------------------------|--------------|---------|--------------------------------------|------------------|------------------------------|----------|
| Example:<br>Barn 2    | Existing | Circulation                               | ABC Inc.     | VG00451 | 13.0                                 | 8,000            | 1,200                        | 1        |
|                       | New      | Circulation                               | XYZ Inc.     | C123    | 15.0                                 | 10,000           | 1,200                        | 1        |
|                       | Existing |                                           |              |         |                                      |                  |                              |          |
|                       | New      |                                           |              |         |                                      |                  |                              |          |
|                       | Existing |                                           |              |         |                                      |                  |                              |          |
|                       | New      |                                           |              |         |                                      |                  |                              |          |

## High Volume Low Speed Fans

| Installation location |          | Manufacturer | Model   | Fan Power Consumption (Watts) | Annual Operating Hours | Quantity |
|-----------------------|----------|--------------|---------|-------------------------------|------------------------|----------|
| Example: Barn 2       | Existing | ABC Inc.     | VG00451 | 5000                          | 1,200                  | 1        |
|                       | New      | XYZ Inc.     | C123    | 1000                          | 1,200                  | 1        |
|                       | Existing |              |         |                               |                        |          |
|                       | New      |              |         |                               |                        |          |
|                       | Existing |              |         |                               |                        |          |
|                       | New      |              |         |                               |                        |          |

## Agriculture Heat Pads

| Manufacturer      | Model | Size (Double or Single) | Unit Wattage | Annual Operating Hours | Quantity |
|-------------------|-------|-------------------------|--------------|------------------------|----------|
| Example: XYZ Inc. | KRS-1 | Single                  | 60           | 6,906                  | 4        |
|                   |       |                         |              |                        |          |
|                   |       |                         |              |                        |          |
|                   |       |                         |              |                        |          |
|                   |       |                         |              |                        |          |

## Dual & Natural Ventilation

| Installation location   | Manufacturer | Model      | Dual or Natural | New Construction or Retrofit | Livestock Capacity   | Facility Type | Square Footage of Livestock Space |
|-------------------------|--------------|------------|-----------------|------------------------------|----------------------|---------------|-----------------------------------|
| Example: New Dairy Barn | ABC Inc.     | 123-XXX-01 | Dual            | New Construction             | 40 Cows (year round) | Dairy Cows    | 10,000 sq. ft.                    |
|                         |              |            |                 |                              |                      |               |                                   |
|                         |              |            |                 |                              |                      |               |                                   |
|                         |              |            |                 |                              |                      |               |                                   |
|                         |              |            |                 |                              |                      |               |                                   |

## Livestock Waterers / Engine Block Heater Timers

| Product                               | Manufacturer | Model | Unit Wattage | Annual Operating Hours | Quantity |
|---------------------------------------|--------------|-------|--------------|------------------------|----------|
| Example: Low-energy livestock waterer | XYZ Inc.     | KRS-1 | 250          | 6,906                  | 4        |
|                                       |              |       |              |                        |          |
|                                       |              |       |              |                        |          |
|                                       |              |       |              |                        |          |
|                                       |              |       |              |                        |          |

## Dairy Scroll Compressors / Heat Reclaimer Units

| Product                          | Manufacturer | Model | Number of Cows Milked (excludes dry cows) | Operating hours/day | Milking days/year | Pre-cooler? (yes/no) |
|----------------------------------|--------------|-------|-------------------------------------------|---------------------|-------------------|----------------------|
| Example: Dairy Scroll Compressor | XYZ Inc.     | KRS-1 | 100                                       | 8                   | 365               | Yes                  |
|                                  |              |       |                                           |                     |                   |                      |
|                                  |              |       |                                           |                     |                   |                      |
|                                  |              |       |                                           |                     |                   |                      |

## Milk Pre-Coolers

| Product             | Manufacturer | Model | Number of Cows Milked (excludes dry cows) | Annual Operating Hours |
|---------------------|--------------|-------|-------------------------------------------|------------------------|
| Example: Pre-cooler | XYZ Co       | ABC   | 150                                       | 6,900                  |
|                     |              |       |                                           |                        |
|                     |              |       |                                           |                        |
|                     |              |       |                                           |                        |

## Variable Frequency Drive (VFD) for Milk Vacuum Pumps

| Milking System Type (Parlor, Tie, or Stanchion) | Manufacturer | Model | Pump Type (Rotary Vane, or Blower) | Pump Motor (hp) | Number of Cows Milked (excludes dry cows) | Quantity |
|-------------------------------------------------|--------------|-------|------------------------------------|-----------------|-------------------------------------------|----------|
| Example: Parlor                                 | XYZ Co       | ABC   | Rotary Vane                        | 10 hp           | 60                                        | 4        |
|                                                 |              |       |                                    |                 |                                           |          |
|                                                 |              |       |                                    |                 |                                           |          |
|                                                 |              |       |                                    |                 |                                           |          |
