Contents

6 Quadratic Equations and Inequalities 8

Prior Knowledge Factorising and Solving Quadratic Equations 10

6.1 The Quadratic Formula 12

6.2 The Position of a Parabola with Respect to the x -axis 18

6.3 Solution Methods 20

6.4 Inequalities and Graphs 23

6.5 Quadratic Inequalities 28

Mixed Exercises 34

Summary 36

Diagnostic Test 38

Revision 40

Investigation The Golden Ratio 45

7 Trigonometry 48

Prior Knowledge Cross Products and Tangent 50

7.1 Calculations Using the Tangent 52

7.2 Sine 57

7.3 Trigonometric Ratios 60

7.4 Calculations Using Trigonometry 66

+ 7.5 Calculating Line Segments and Angles 70

Mixed Exercises 74

Summary 76

Diagnostic Test 78

Revision 80

Investigation Triangulation 84

8 Different Relationships 86

Prior Knowledge Multiplication Factor, Formula of a Line, and the Equation $x^2 = c$ 88

8.1 Exponential Growth 90

8.2 Percentages and Growth Factors 94

8.3 Tables and Growth 97

8.4 Periodic Relationships 103

8.5 Power Functions 107

8.6 Inversely Proportional Relationships 112

Mixed Exercises 114

Summary 116

Diagnostic Test 118

Revision 120

Investigation Limited Growth 124

9 Dispersion, Counting and Probability 126

Prior Knowledge Measures of Central Tendency 128

9.1 Measures of Dispersion 131

9.2 The Box Plot 136

+ 9.3 Scatter Plots 142

9.4 Counting Problems 145

9.5 Probability 152

+ 9.6 Dispersion in Excel 156

Mixed Exercises 158

Summary 160

Diagnostic Test 162

Revision 164

Investigation Cryptography 167

Skills 170

Mathematical Skills 172

General Skills 182

Kangaroo Questions 184

Index 192
