

## 1 Linear and exponential functions 6

Refresh 8

- 1.1 Functions 10
  - 1.2 Linear functions 14
  - 1.3 Simultaneous equations 18
  - 1.4 Exponential functions 22
  - 1.5 Calculating with exponents 26
  - 1.6 Mixed exercises 30
- Summary 32  
Test yourself 36  
Extra exercises 38

## 2 Parabolas 40

Refresh 42

- 2.1 Parabolas 44
  - 2.2 Symmetry and vertex 48
  - 2.3 Plotting parabolas 52
  - 2.4 The shape and position of a parabola 56
  - 2.5 Mixed exercises 60
- Summary 62  
Test yourself 66  
Extra exercises 68

**Skills 1** 70

Percentages 72

Geometry 73

Formulas and graphs 73

Equations and inequalities 74

**In depth | Bridges** 76

## 3 Plane figures 80

Refresh 82

- 3.1 *F*-angles and *Z*-angles 84
  - 3.2 Proposition and proof 88
  - 3.3 Reflection 92
  - 3.4 Similar triangles 96
  - 3.5 Calculating using similarity 100
  - 3.6 Mixed exercises 104
- Summary 106  
Test yourself 110  
Extra exercises 112

## 4 The quadratic formula 114

Refresh 116

- 4.1 Factorising 118
  - 4.2 Completing the square 122
  - 4.3 The quadratic formula 126
  - 4.4 Quadratic equations 130
  - 4.5 Mixed exercises 134
- Summary 136  
Test yourself 140  
Extra exercises 142

**Skills 2** 144

Fractions 146

Ratios 147

Formulas and graphs 147

Geometry 149

**In depth | Proof of the quadratic formula** 150

Modern Mathematics

## 5 New graphs 154

Refresh 156

- 5.1 Periodic graphs 158
  - 5.2 Moving vertically 162
  - 5.3 Multiplication 166
  - 5.4 Combinations 170
  - 5.5 Sum and difference functions 174
  - 5.6 Mixed exercises 178
- Summary 180  
Test yourself 184  
Extra exercises 186

## 6 Trigonometry 188

Refresh 190

- 6.1 Angle of elevation and tangent 192
  - 6.2 Calculating with the tangent 196
  - 6.3 Sine and cosine 200
  - 6.4 Calculating in right-angled triangles 204
  - 6.5 Angles in solids 208
  - 6.6 Mixed exercises 212
- Summary 214  
Test yourself 218  
Extra exercises 220

## Skills 3 222

- Time 224
- Scale 224
- Metric system 225
- Formulas and graphs 226
- Percentages and growth factors 227
- Statistics and probability 227

## In depth | Triangulation 228

## 7 Quadratic functions 232

Refresh 234

- 7.1 The form  $f(x) = a(x - s)(x - t)$  236
  - 7.2 The form  $f(x) = a(x - p)^2 + q$  240
  - 7.3 Rearranging quadratic functions 244
  - 7.4 Sketching parabolas 248
  - 7.5 Functions for parabolas 252
  - 7.6 Mixed exercises 256
- Summary 258  
Test yourself 262  
Extra exercises 264
