Foreword 6

Getting started! 8

## 1 Shapes 10

- 1.1 Solids and nets 12
- 1.2 Squares and cubes 16
- 1.3 Rectangles and cuboids 23
- 1.4 Circles and cylinders 28
- 1.5 Polygons and diagonals 32
- 1.6 Prisms and pyramids 38

Summary 44

Mixed exercises 46

Learning goals test 48

Revision 50

*Investigate* Regular polyhedra 53

## 2 Numbers and operations 56

- 2.1 Operations 58
- 2.2 HCF and LCM 63
- 2.3 Fractions 67
- 2.4 Negative numbers 73
- 2.5 Multiplying and dividing negative numbers 80
- 2.6 Negative fractions 87

Summary 92

Mixed exercises 94

Learning goals test 96

Revision 98

*Investigate*

Palindromic numbers 103

## 3 Graphs and formulas 104

*Mathematical problem solving*

Dare to try 106

- 3.1 Coordinate planes 108
- (plus) 3.2 Patterns in coordinate planes 114
- 3.3 Graphs in coordinate planes 118
- 3.4 Word formulas 127
- 3.5 Formulas with letters 131
- 3.6 Drawing graphs from a formula 136

Summary 140

Mixed exercises 142

Learning goals test 144

Revision 146

*Investigate* Growing patterns 150

## 4 Maths in practice 152

- 4.1 Decimal numbers 154
- 4.2 The calculator 161
- 4.3 Maths in practical situations 164
- 4.4 Percentages 168
- 4.5 Direct and inverse proportion 175

Summary 182

Mixed exercises 184

Learning goals test 186

Revision 188

*Investigate* The

Egyptian numeral system 192

## 5 Lines and angles 194

*Mathematical problem solving*

Make a sketch 196

- 5.1 Lines 198
- 5.2 Angles and degrees 206
- 5.3 Measuring angles 211
- 5.4 Drawing angles 215
- 5.5 Calculating angles 219
- 5.6 Angles in plane shapes 223

Summary 230

Mixed exercises 232

Learning goals test 234

Revision 236

*Investigate* Tessellation 240

Answers to learning goal checks 244

Answers to kangaroo exercises 247
