

# SING HALLELUJAH

## VERSE 1

You carried my burdens And hung on that tree  
And with every breath You thought of me  
Without Your mercy Where would I be  
Oh Where would I be without You

## BRIDGE

I was an orphan, left on the street  
Tattered and beaten, broken and weak  
You knew my history, all of my sin  
And with open arms you welcomed me in

## VERSE 2

All of my sorrows were met with your grief  
In suffering and dying You gave me the keys  
Without Your cross Where would I be  
Oh where would I be without you

## CHORUS

Hallelujah You came to set me free  
Hallelujah You ran to welcome me  
The story isn't over it's only just begun  
You've written every word in perfect love  
Hallelujah  
Sing hallelujah

## VERSE 3

You silenced the curse Of my enemy  
Rose up in power My King of all Kings  
Without Your victory Where would I be  
Oh where would I be without You
