

HOLY SURRENDER

VERSE 1

When I heard your voice in the madness
For the first time, I felt my heartbeat
When you called my name out of the darkness
In a moment you set my soul free

PRE CHORUS

Now that the old is stripped away
I know I could never be the same

CHORUS

With all of my heart, With all of my soul
Wherever you lead, I'm willing to go
Whatever the cost, Whatever it takes
I wholly surrender for your name

VERSE 2

Take my plans, take my whole life
These empty hands for your glory
Be my hope, be my passion
My all in all, my everything

BRIDGE

I lay my life down
Right where I stand
A holy surrender
All that I am
