INTRO (2X)

| Bbm / / / | Ab / / / | Db / / / | Gb / / / |

VERSE 1

```
     Bbm                    Ab
You carried my burdens And hung on that tree
     Db                 Gb
And with every breath You thought of me
   Bbm               Ab
Without Your mercy Where would I be
     Db                 Gb
Oh Where would I be without You
```

VERSE 2

```
     Bbm                 Ab
All of my sorrows were met with your grief
   Db                    Gb
In suffering and dying You gave me the keys
   Bbm               Ab
Without Your cross Where would I be
     Db                 Gb
Oh where would I be without You
```

CHORUS

```
     Gb    Db              Bbm    Ab
Ha - llelu - jah You came to set me free
     Gb    Db              Bbm    Ab
Ha - llelu - jah You ran to welcome me
                  Gb              Db
The story isn't over it's only just begun
                       Bbm          Ab
You've written every word in perfect love
     Gb    Db
Ha –llelu - jah
             Bbm  Ab
Sing Ha - llelu - jah
```

TURN

VERSE 3

```
     Bbm                  Ab
You silenced the curse Of my enemy
   Db                  Gb
Rose up in power My King of all Kings
   Bbm                Ab
Without Your victory Where would I be
     Db                 Gb
Oh where would I be without You
```

CHORUS

```
     Gb    Db              Bbm    Ab
Ha - llelu - jah You came to set me free
     Gb    Db              Bbm    Ab
Ha - llelu - jah You ran to welcome me
                  Gb              Db
The story isn't over it's only just begun
                       Bbm          Ab
You've written every word in perfect love
     Gb    Db
Ha –llelu - jah
             Bbm  Ab
Sing Ha - llelu - jah
```

TURN (2X)

| Bbm / / / | Ab / / / | Db / / / | Gb / / / |

BRIDGE (2X)

```
     Bbm                   Ab
I was an orphan, left on the street
             Db                  Gb
Tattered and beaten, broken and weak
Bbm                           Ab
You knew my history, all of my sin
             Db             Gb
And with open arms you welcomed me in
```
