

MAJESTY

VERSE 1

From the dawning of the youngest day
To the moment when all history fades
You hold everything inside your hands
No beginning and you have no end

PRE-CHORUS

Heaven and Earth will always sing your fame
You are the anthem of our highest praise
All of creation will know your name
Will know your name

CHORUS 1

Jesus, the light of salvation
Jesus, the hope of the nations
Jesus, the King of eternity
We crown you with majesty

VERSE 2

Lord of all you came in human flesh
Fully man and fully God with us
From a cradle to a sinner's cross
From the grave you rose victorious

CHORUS 2

Jesus, the light of salvation
Jesus, the hope of the nations
Jesus, the King of eternity
We crown you with majesty
Jesus, the lamb of redemption
Jesus, the lion of heaven
Jesus, the King of eternity
We crown you with majesty

BRIDGE

All the honor
All the power
We give you all the glory Lord
All the honor
All the power
We give you praise forevermore
