

Informazioni - EU Data Act -

Ai sensi dell'articolo 3, paragrafo 2, della Legge sui dati (Regolamento (UE) 2023/2854), MediaMarket S.p.A. (MM) fornisce informazioni sui dati relativi ai prodotti e ai servizi correlati generati dall'uso di prodotti connessi di fornitori terzi (il "Dispositivo") venduti da MM.

In questo contesto, MM agisce esclusivamente come venditore e non come Titolare dei dati. Informazioni dettagliate su questi dati sono disponibili sul rispettivo sito del produttore.

Le presenti informazioni generali soddisfano gli obblighi di trasparenza precontrattuale ai sensi dell'articolo 3, paragrafo 2.

1. Dati sul prodotto

I dati vengono generati durante l'utilizzo del dispositivo. Per informazioni dettagliate sulla natura, il formato, il volume stimato, il periodo di conservazione, le opzioni per l'accesso, il recupero e la cancellazione, nonché la funzionalità in tempo reale, si consiglia di consultare il link "**EU Data Act**" sul sito del rispettivo produttore.

2. Dati di servizio correlati

Durante l'utilizzo del dispositivo, possono essere generati dati di servizio correlati (ad esempio, software che interagiscono con il dispositivo, applicazioni o strumenti diagnostici), che il rispettivo produttore riceve in qualità di Titolare dei dati. Per informazioni dettagliate sulla natura, il volume stimato, l'accesso, il periodo di conservazione e l'archiviazione, si consiglia di consultare il link "**EU Data Act**" sul sito del rispettivo produttore.

3. Utilizzo dei dati

3.1 Uso proprio

I dati vengono utilizzati dal rispettivo produttore per scopi quali l'esecuzione del contratto, l'assistenza, il monitoraggio funzionale, il miglioramento del prodotto o lo sviluppo di nuovi servizi (ad esempio, soluzioni di intelligenza artificiale), come specificato nei documenti disponibili sul sito del produttore.

3.2 Utilizzo da parte di terzi

I dati vengono divulgati a terzi dal produttore esclusivamente per lo svolgimento delle finalità sopra indicate. Le terze parti sono contrattualmente obbligate a utilizzare i dati solo per questi scopi e a implementare misure di sicurezza adeguate in conformità alle leggi vigenti. I dettagli sono riportati nei documenti disponibili sul sito del produttore.

4. Titolare dei dati e contatto

Il Titolare dei dati è il rispettivo produttore. I dettagli di contatto del produttore, così come ulteriori informazioni di supporto sono riportate nell'Allegato 1 in calce a questa pagina.

5. Accesso e gestione dei dati

L'accesso ai dati dei prodotti e dei servizi correlati avviene attraverso i portali o le interfacce messe a disposizione dal produttore in qualità di Titolare e detentore dei dati. Ulteriori informazioni di supporto sono riportate nell'Allegato 1 in calce a questa pagina.

Il produttore ha l'obbligo di fornire l'accesso ai dati attraverso un formato comune e in modo semplice, sicuro e diretto, senza compromettere la funzionalità del prodotto e gratuitamente. L'accesso deve essere fornito senza ritardi ingiustificati, in modo continuo e in tempo reale o, laddove non sia tecnicamente possibile, il più

rapidamente possibile dopo la sua generazione. MM non fornisce un accesso diretto e non si assume alcuna responsabilità al riguardo.

6. Diritto di presentare un reclamo

6.1 Reclamo al Produttore

In caso di violazione, ha diritto di presentare un reclamo al produttore in merito al mancato rispetto degli obblighi previsti dal Data Act. Il produttore è tenuto a fornirle una risposta motivata entro un termine ragionevole, in genere non superiore a 30 giorni, e a porre rimedio a qualsiasi inadempienza.

6.2 Reclamo all'Autorità di vigilanza

Ai sensi del Data Act, gli Stati membri dell'UE sono tenuti a designare una o più autorità competenti responsabili della sua applicazione e vigilanza. Un reclamo può essere presentato all'autorità competente del proprio Stato membro di residenza abituale, del luogo di lavoro o dello stabilimento, con riferimento a presunte violazioni del Data Act. Ciò, ferma restando la competenza delle autorità competenti per i distinti profili di protezione dei dati personali.

6.3 Diritto di presentare un reclamo ai sensi della legge sulla protezione dei dati personali

Indipendentemente da quanto sopra, in qualità di soggetto interessato, ha anche il diritto di presentare un reclamo all'autorità di controllo responsabile della protezione dei dati ai sensi dell'articolo 77 del GDPR, il modulo e le modalità sono disponibili sul sito: www.garanteprivacy.it/diritti/come-agire-per-tutelare-i-tuoi-dati-personali/reclamo.

7. Segreti commerciali

I dati possono contenere segreti commerciali del produttore. Il produttore può rifiutare l'accesso ai dati che costituiscono un segreto commerciale, a meno che non si possa dimostrare di averne bisogno per esercitare i propri diritti ai sensi della legge sui dati e di aver adottato misure adeguate per proteggerne la riservatezza. In caso di rifiuto, il produttore è tenuto a fornire una giustificazione e a informarti di conseguenza.
