Frantz Fanon

Frantz Fanon was a famous thinker. He was born on July 20, 1925. His birthplace was Fort-de-France, Martinique. Growing up, he saw many unfair things because of colonial rule.

Frantz studied to be a psychiatrist. He used his knowledge to help people. He also wrote books. His famous books are "Black Skin, White Masks" and "The Wretched of the Earth." These books talk about how colonialism affects people's minds and lives.

Frantz worked with Algerians in their fight for freedom from France. He believed in decolonization. He wanted everyone to be treated fairly and with respect. His ideas helped many freedom movements around the world.

Fanon's big achievement was his influence on anti-colonial movements. He is famous for his thoughts on how colonized people can regain their identity and freedom.

Frantz Fanon passed away on December 6, 1961. But his ideas still inspire people today.
