

Flower Card

Supplies you'll need:

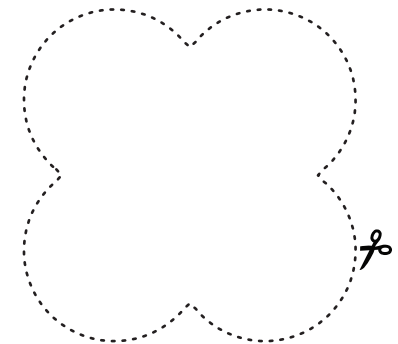

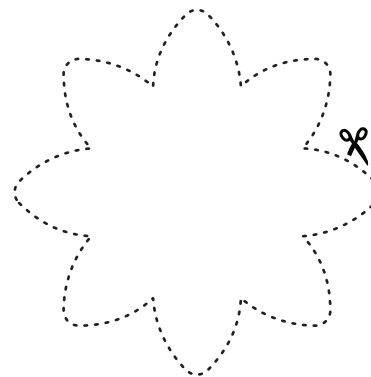

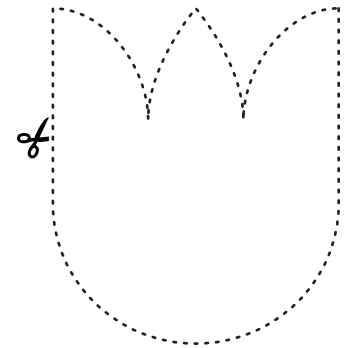

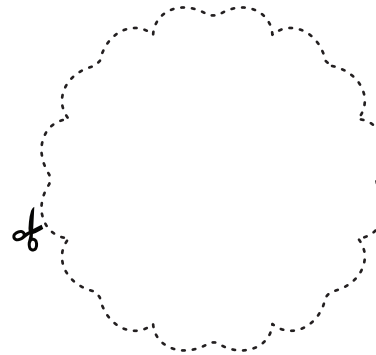

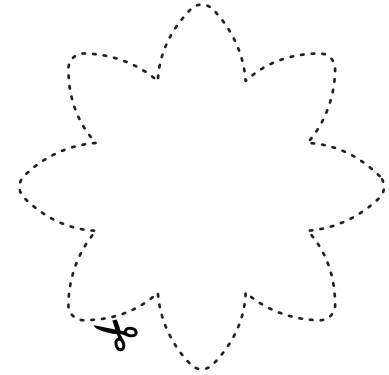

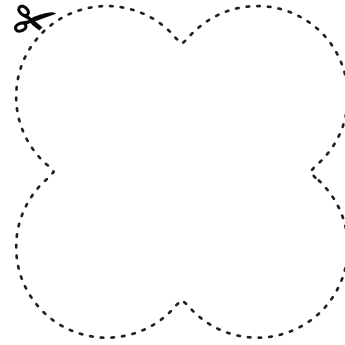

- 1 Piece of craft paper (letter/US size)
- Scissors
- Glue stick
- Coloring pencils

Instructions:

1. Print the templates on a letter size paper and color the petals, stems, leaves and bow.
2. Carefully cut the individual pieces that you like best out and arrange them as a bouquet.
3. Fold a piece of craft paper length-wise (like a hotdog) to make a card.
4. Glue the pieces on the front of the card in the arrangement you created before.
5. Write a sweet note inside of the card and give it to someone you love!

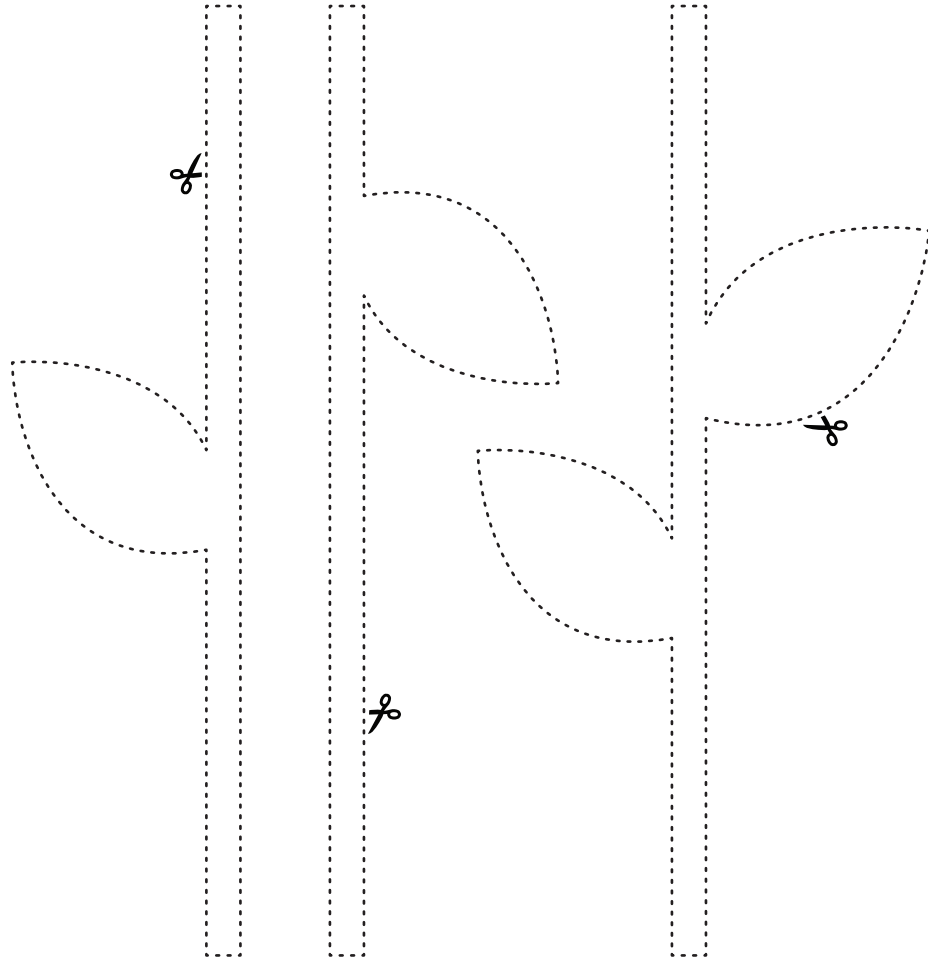

Tip: You can also write something on the front of the card above or below the bouquet. If it's for someone's birthday, you can write "Happy Birthday" in big letters, If it's Mother's Day soon, you could write "Happy Mother's Day" on the front side of the card.
