

Dear Property Owner:

Your property is located behind a State-Federal project levee. According to our records, your property located at _____ may be exposed to potential flood risk from the _____. Your property may also be at risk for flooding from other sources not identified in this notice, such as creeks and local storm drains.

Visit www.water.ca.gov/myfloodrisk and enter your property address to find the areas subject to flooding if State-Federal project levees should fail, and to get information about State-Federal levees in your area.

Flood Risk Notice 2012

Consider these fact :

- Levees may reduce, but do not eliminate, the risk of flooding.
- In California, from 1950 through 2007, flooding caused more than \$4.8 billion in property damage (Source: CalEMA).
- Flood damage is not covered by most standard home, renter, and business owners' insurance policies.
- The State recommends that you obtain flood insurance for your property. Contact your insurance agent or call the National Flood Insurance Program at 1-888-435-6637, or visit:

www.water.ca.gov/myfloodrisk

Remember this simple plan

PREPARE

- Prepare** an emergency kit that includes: flashlights, radio, batteries, candles, matches, blankets, water, food, first-aid kit, and a list and supply of all medications, etc.
- Keep** important documents and valuable possessions on an upper level of the structure, or as high as possible.
- Make** a list of items to take with you and have a plan for your pets.
- Know** how to safely shut off your utilities.
- Listen** to authorities for emergency instructions.
- Establish** a family meeting place.

PREVENT

- Never** fill, excavate, landscape, plant, irrigate, modify, or place an improvement on any levee or flood control easement without permits from the appropriate local, state, and federal agencies.
- Check** with your local agency to see if a permit is required if you plan to build on, fill, alter, or re-grade your property.
- Keep** storm drains, gutters, and ditches clear.

PROTECT

- Never** try to escape rising floodwater by going into the attic unless you have roof access, or if there are no other safe options.
- Never** drive through flooded streets or roads; more people are trapped and die in their vehicles than anywhere else during floods.
- Consider** buying flood insurance. It is a wise investment for property owners and renters.
- For more** ideas about protecting your property against floods, go to www.water.ca.gov/myfloodrisk and click on "Protect Your Property."
