# PRE-PAINTED MOULDINGS

[METRIE.COM/METRIE-COMPLETE](https://www.metrie.com/metrie-complete)

**METRIE**  
complete.

Metrie Complete® pre-painted mouldings are specially formulated for durability and provide a beautifully smooth, consistent colour for professional results.

This patented solution, combined with Metrie's strong distribution and service model, helps builders and contractors save money and increase margins.

### HIGH QUALITY

Factory finished, smooth surface and colour matching system ensures professional results every time.

### SAVES TIME

Ready to install, pre-painted moulding reduces the number of steps required for installation and allows faster access to the site by other trades.

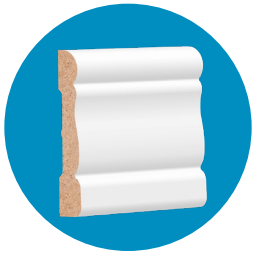

### SAVES MONEY

Metrie Complete® eliminates the cost of additional labor and supplies while lowering financial costs due to earlier closing.

## THE DIFFERENCE IS IN THE DETAILS

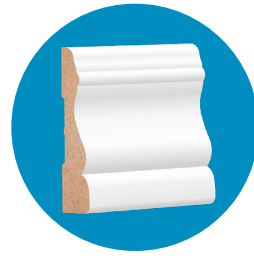

- Factory finished, high-quality coating is engineered to enhance durability.
- All moulding products and accessories are Polar White in colour for a consistent appearance.
- Non-metal marking finish provides good protection in handling and transport.
- UV inhibitors, added to the top coat, prevent colour variation.
- Colour-matched to ensure the perfect match across all moulding elements.
- Special additives allow the paint to flex — minimizing paint cracking when moulding is handled.
- Touch-up products are available with everything you need to finish the job.
