Either Party may terminate the Platform Subscription for convenience by providing the other with written notice of not less than thirty (30) days prior to the expiration of the Initial Subscription Period or the then-current Renewal Period so that the Subscription Period will end on the last day of the current subscribed period. Customer's Platform Subscription may be cancelled at any time by accessing the account settings on Customer's Matterport

Customer acknowledges this is a feature which is a part of, and cannot be removed from the Platform, and Customer is solely responsible for ensuring the appropriate designation of its Spaces.
- 4.3.2. **Third-Party Interaction.** In the event that Customer designates a Matterport Space or Customer Image Data as "public" or "restricted" access, Customer acknowledges that third parties may interact with such Matterport Space or Customer Image Data (which shall include being permitted to take measurements, adding annotations or comments, saving and sharing links to such Matterport Space or Customer Image Data), and any rights (including Intellectual Property Rights) that arise as a result of such third-party interactions shall be solely owned by Matterport.
- 4.3.3. **Public Links.** In the event Customer designates any Matterport Space or Customer Image Data as "public" and publicly shares, or otherwise makes available on the internet a link to any Matterport Space, Matterport shall not be responsible for the resulting discoverability or accessibility of the Matterport Space or Customer Image Data on the Platform, and Matterport will have the same right to share such link as any other internet user.

Customer will promptly notify Matterport if Customer becomes aware of any unauthorized access to User Credentials. Customer is responsible for maintaining and managing its User Credentials and authorised account administrators.

- 4.6. **Account Data.** Customer shall provide Matterport with complete and accurate information for Customer's Platform account, including Customer's billing and payment information, and shall ensure that such information remains up to date throughout Customer's Subscription Period. Matterport acts as an agent for Third-Party Providers in relation to the marketing, and in some instances, sales of Third-Party Services and is not a party to any Third-Party Contract that is entered into. The Third-Party Provider will be solely responsible for fulfilling any order that Customer places for Third-Party Services and for: (a) the quality, content, and availability of such Third-Party Services; and (b) any Claims that Customer may wish to bring in relation to any Third-Party Service.
