ELEVATING UPTIME

MAXIMIZING EFFICIENCY

X22, X24, X42

- · Compact footprint and lightweight design
- Maintenance-free cylinder eye bearings

X46, X68, X86, X88

- · Conical locked pins
- · Robust pedestal design
- · Heavy duty pedestal structures

X68 & X86

· Identical pedestal cylinders

OPTIMIZED POWER SOLUTIONS FOR SEAMLESS OPERATIONS

The Normet Xrock product line includes five standard power units, offering a versatile range to meet the specific demands of various hammers and pedestals. Designed with simplicity and efficiency in mind, our power units deliver a seamless "plug and play" solution, requiring only an external electric supply and connection to the pedestal- making sure your operations are up and always running smoothly.

Each power unit is rigorously tested and encased in a protected, enclosed structure, providing excellent defense against external and weather-related loads. All units come equipped with an integrated drip tray to manage any potential leaks, ensuring environmental integrity.

To minimize downtime and save on cost; every power unit comes standard with an oil cooler, return filter and pressure filter, ensuring the pedestal operates smoothly with out unnecessary interruptions. These features reduce long-term costs by preventing expensive repairs and operational delays.

XROCK POWER UNITS

- Plug & Play
- Integrated drip tray
- Self-contain

PU18-55

Features a robust constant displacement pump for consistent, reliable performance.

PU110

Equipped with a load sensing pump, tailored for responsive and efficient operation.

WIRELESS REMOTE CONTROL

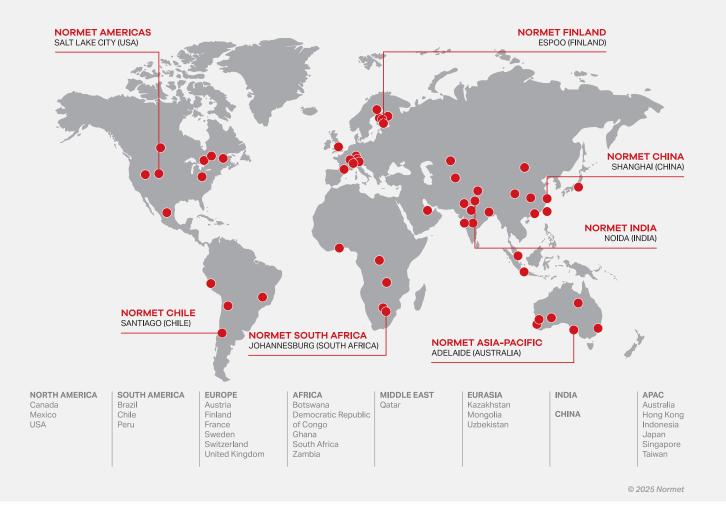

The Normet Xrock wireless radio remote control is engineered to be lightweight and ergonomic, facilitating safe and user-friendly operations from a secure location.

XROCK® AUTOMATION AND TELE-REMOTE SYSTEM

All Normet Xrock breaker booms are readily fitted for automated usage. Xrock® is a fully modular and scalable breaker boom automation system that optimizes the mine's processes in a responsible way. Whether you are just starting out with one boom operation or need multi-boom operations to support your full fleet, Xrock® has the solution for your business. Xrock® automation brings you a total peace of mind.

COMPLETE SOLUTIONS FOR ROCK BREAKING

Normet Xrock offers a comprehensive lineup of hydraulic breakers, breaker booms, and the Xrock Automation system, designed to meet the demands of various applications in both underground and surface mining, as well as in the construction industry. Normet Xrock ensures you're supported every step of the way, so you can focus on what you do best. With the strength to conquer challenges and the backing to endure, you'll have the tools for success.
