Stay well physically and mentally

There are lots of things you can do to help you stay well physically and mentally - they are particularly important during the current coronavirus pandemic.

Don't be embarrassed to ask for help or accept offers of help from others.

- Stay in regular touch with friends or family – if you would like help with getting connected digitally, please call the DigiKnow Helpline on **07537 127095**.
- Talk to others if you feel worried - your friends, family or someone on one of the helplines listed in this leaflet.
- Movement helps the mood - find ways to move more and build physical activity into your daily routine.
- Spend time doing things you enjoy, such as reading, music, cooking, hobbies.
- Try to focus on the things you can control and change and accept what you can't – this can help you cope better during times of uncertainty.
- Structure can help - create a daily plan so you can structure your day.
- Take care of your health - try to eat healthy, well balanced meals and drink enough water so you stay hydrated.
- Avoid smoking, alcohol and drugs – support is available from START or MOSAIC as listed in this leaflet.
- Limit your time following the news if it makes you anxious.
