Section 4 – Grit Bins	30

1. Introduction

- 1.1. This plan is to be used in conjunction with the most recent Winter Services Policy and the latest version of the Functional Network Hierarchy.
- 1.2. Within this plan are the current criteria for decision making and the current Carriageway Gritting Routes, Footway/Cycle Gritting Routes, Grit Box and additional Grit Locations.

2. Gritting Priorities

- 2.1. The criteria for gritting priorities are:
- 2.2. Routes 1 to 5 including 'A' roads, major bus routes and other key transport routes.
- 2.3. Routes 6 to 10 including secondary bus routes, routes to schools and district feeder roads that carry higher levels of traffic including sites with special circumstances e.g. severe gradients.
- 2.4. Designated East, West and North Area routes, trailer mounted and supervisor schedules include all other district bus routes and other district roads with steep gradients.
- 2.5. Current Spread rates and treatments to be used are:

3. Decision Matrix Guide

Timing of treatment	Treatment Type
Freezing rain	Salt Spreading
Minor Ice	Salt Spreading
	Salt
During Snow	Spreading/Ploughing
	Salt
After Snow (Slush)	Spreading/Ploughing
	Salt
	Spreading/Ploughing/
	salt and abrasives
After Snow (Compact	spreading/Abrasives
Snow/Ice)	spreading

NWSRG Practical Guide for Winter Service Treatments for Snow and Ice

4. Treatment Matrix Guide

Weather	Traffic Light/ medium Spread rate g/m2	Heavy Traffic (Always some traffic) Spread rate g/m2
Before Light Snow	Dry 40	Dry 20
Before Moderate to Heavy Snow	Dry 20 - 40	Dry 40
Freezing Rain (Before, even if dry, during and after)	Dry 40 or 2 x 20	
During Snow (No ice or snow)	Dry 20	Dry 20
During Snow (Ice or compact Snow) likely to be compacted by traffic	Dry 20	Dry 20
During Snow (Ice or compact Snow) likely to be cleared by ploughing	N/A	N/A
Slush treatment before when freeze is forecast	Dry 40 Pre-wet 48	Dry 40 Pre-wet 48
Thin ice when Road and Air temp higher than -5	Dry 40 Pre-wet 48	Dry 20 Pre-wet 48
Thin ice when Road or Air Temp at or under -5	Dry 40 with a 50:50 salt abrasives mix	Dry 40 with a 50:50 salt abrasives mix
Post Snow (Compact Snow and Ice) 1 to 5mm	Initially Dry 40 with a 50:50 salt abrasives mix Successive Dry 20 with a 50:50 salt abrasives mix	Initially Dry 40 with a 50:50 salt abrasives mix Successive Dry 20 with a 50:50 salt abrasives mix
Post Snow (Compact Snow and Ice) more than 5mm	Initially Dry 40 abrasives Successive Dry 20 abrasives	Initially Dry 40 abrasives Successive Dry 20 abrasives
Post Snow (Compact snow and ice is being broken up my traffic) more than 5mm	Dry 20 with a 50:50 salt abrasives mix	Dry 20 with a 50:50 salt abrasives mix

Advice from NWSRG Practical Guide for Winter Service Treatments for Snow and Ice

4.1. Treatment to take into account the salt left on surface from previous treatments.

- 4.2. Treatment to take into account changes in surface such as moisture and temperature along the routes.
- 4.3. Where rain is expected before freezing then treat once rain stops.

5. Grit Bins

- 5.1. The criteria for grit bin placement are:
- 5.2. Grit box positions are assessed individually and the following considered:
 - **Altitude** locations at high altitude are at greater risk of freezing,
 - **Highway gradient** steeper gradients are more problematic in slippery conditions and
 - Nature of properties served e.g. hospitals, care homes, sheltered accommodation, and community centres.
- 5.3. Grit bins will be replenished as necessary throughout the winter maintenance period. Grit bins will be labelled clearly advising the public that the contents of the bin are for use by the public on the public highway only and is not for use on private land and providing a contact number and an asset number to report bins that need to be refilled. Where grit bins are abused other possible actions will have to be considered.

6. Useful Contact Numbers

Contact Centre no. 01612176111 Press Office: 0161 474 3050 PLEASE NOTE: all routes and bin locations are being reviewed in relation to the review of the functional network hierarchy 2018. Therefore they have not been included for signoff with this plan. The Current routes and grit locations can be found on line at https://www.stockport.gov.uk/gritting-roads-and-footpaths
