Please make sure the following issues have been addressed and confirm by answering the following questions:

- 1) Has the timing belt been changed at the manufacturer's recommended intervals (circle as appropriate) YES / NO
- 2) Has the vehicle been serviced and maintained to the manufacturer's specification? (circle as appropriate) YES / NO
- 3) Please state any reasons why the emissions test should not be undertaken

You must ensure the following before submitting the vehicle for test:

- 1) The vehicle has been steam cleaned.
- 2) The vehicle is free from any significant oil leaks.
- 3) The oil level has been checked and topped up if necessary.
- 4) The vehicle has been prepared for test.

Failure to do so may result in a refusal to test the vehicle.
