## Notes on Procedure

**The power of the Local Authority to extinguish a public footpath or bridleway is contained in Section 118 of the Highways Act 1980.**

**The grounds for making an Order are that the public footpath/bridleway is not needed for public use. The Order is not effective until it is confirmed. The grounds for confirming Orders are that it is expedient to do so having regard to (i) the extent that the path would apart from the Order be likely to be used and (ii) the effect which the extinguishment of the footpath or bridleway would have on the land served by it.**

**Please note that the procedure for an extinguishment Order can be extremely lengthy and involves;**

- (i) Informal discussion with the Rights of Way Officer;**
- (ii) A report to the relevant committee(s) of the Council for the authorisation to make the Order;**
- (iii) The placing of statutory advertisements of the Order in the local press and notices on site during the objection period;**
- (iv) The notification of landowners and prescribed organisations;**
- (v) The running of a statutory objection period for a minimum of 28 days. (If objections are received within this period then the Order must be submitted to the Secretary of State for the Environment for him to consider whether it should be confirmed. Normally a public inquiry would be held to determine the matter. If no objections are received, or if those received are withdrawn following negotiation then the Council itself may confirm the Order.**
- (vi) The notification of confirmation of the Order (if the Order is confirmed) in the press, on site and to landowners and prescribed organisations;**
- (vii) The running of a six week appeal period after publication of the notice of confirmation during which an application can be made to the High Court questioning the validity of the Order.**

## **STOCKPORT METROPOLITAN BOROUGH COUNCIL**

### **NOTE FOR APPLICANTS - COSTS OF PUBLIC PATH ORDERS**

It is the Council's policy to charge applicants for the administration costs and statutory advertisement costs incurred in making Public Path Orders.

The Council's scale of charges for making such Orders has been drawn up taking into account the fact that some cases may be more complex than others. Applicants will not be charged more than the costs actually incurred. Costs will not, whatever the circumstances exceed £1200 plus advertising costs.

<b>Type/Circumstances of Order</b>	<b>Estimated Costs</b>
Cost of Public Path Order where the existing right of way is shown on the definitive map and no objections are received to the making of the Order.	£1000 plus advertising costs.
For each additional path included in the Order.	£200.
Costs of Order where existing footpath is not shown on the definitive map and no objections are received.	£1200 plus advertising costs.
For each additional undefinitive right of way.	£300.
Cost of an Order where objections are withdrawn by negotiation prior to submission of the Order to the Secretary of State for confirmation.	£1200 plus advertising costs.
Costs where Orders are submitted to the Secretary of State for the Environment for confirmation.	£1200 plus advertising costs.

#### **IMPORTANT - Please note that applicants will not be charged in the following circumstances:-**

1. Where the Council decide not to proceed with an unopposed Order.

3. Where proceedings preliminary to the confirmation of a public path creation Order are not taken at the same time as proceedings for a public path extinguishment Order.
4. Where the Order cannot be confirmed because it has not been validly made.
5. Where Orders are opposed charges will be limited to the administrative costs incurred up to a point where the Order is submitted to the Secretary of State for determination and where such Orders are subsequently confirmed in advertising etc. that confirmation.

## **REBATES**

The Council may at its absolute discretion be prepared to rebate part or all of the above charges in extenuating circumstances depending on the individual case.

## **WAIVERS**
