AA – A request for properties to be removed from polling district AA to Cheadle Hulme North has been received. Advised unable to do this as part of a Polling District Review. This could only be changed via a Local Government Boundary Review.

AB - proposed housing development in the polling district will increase the electorate by approximately 400. The mobile building currently used would not accommodate two polling stations and no alternative buildings are available. It is proposed to re-draw the polling district boundary to include Barnes Village into polling district AE (Barnes Way, Worthington Crescent, Pennington Gardens, and Booth Square). The situation is to be monitored and if necessary provide two mobile buildings for future elections.

Comment that the map showing the location of polling station AB is in the wrong place – amended as part of the review.

AB - it is proposed to move the odd properties 7, 9, 11, Brookside Nursery Bungalow and The Aspens on Brookside Road from AF to AB to bring this in line with the even numbers on Brookside Road. This will increase the electorate by approximately 19.

Returning Officer's Proposal:
