In November four of the group attended the Game Changer 2 Conference at Manchester Metropolitan University. Jeanette Warburton, a senior manager from Stockport Council Social Care also attended. Groups from across the North West took part in activities and talked about the issues they face being in the care system.

United Utilities are putting together a money management course and the group have worked through a couple of the modules. They have sent their opinions of the course to help UU improve it.
Cared 4 NW at Chester Racecourse

Even though horses were barred from racecourses due to Equine Flu, this didn’t stop Children in Care Councils from across the North West region meeting at Chester Racecourse on Saturday 9th February. The day was run by Francis Taylor (pictured) from the charity ‘Become’ and the young people looked at what issues they are going to campaign about in their local authorities. Most of the young people talked about their experiences of having many different Social Workers and sometimes not being told when one was leaving and another taking over.

The Stockport young people finished off the day with a McDonalds before the long journey home.
