

Political Donations Policy

GOVERNMENT RELATIONS

Chris Morley

Effective
March 1, 2023

OVERALL PRINCIPLES

As a defined benefit pension plan with a significant investment portfolio in many jurisdictions around the world, OMERS – through its Employees or Directors – may be asked to participate in the democratic process through political fundraising events.

OMERS participation in political fundraising will be in accordance with local laws. Where participation in an event with a political fundraising component is permitted by local law and is relevant to OMERS strategy or business, Employees may only participate on behalf of OMERS with the approval of the Executive Leadership Team (“ELT”) member responsible for the Business Unit.

When in doubt, consult with the Vice President of Government Relations and the Compliance Officer for your Business Unit prior to making any donations.

This Policy applies to all Employees, Directors and Contractors across OMERS, which for clarity, includes Oxford.

SEC Regulated Employees, including but not limited to OMERS Infrastructure employees, are also subject to the OMERS Infrastructure Political Donations Policy in addition to this Policy.

Next renewal date:	March 2026
Frequency of review:	Every 3 years

Political Donations

A political donation is the contribution of money, goods or services to a political party, election candidate, party leadership contestant, nomination contestant, inaugural fund or constituency association.

In some jurisdictions, political donations by corporations are not permitted. In many jurisdictions, there are limits on the amount a corporation or individual can donate and specific reporting requirements. Political donation laws are complex and vary across jurisdictions. OMERS allows political donations only when made in compliance with applicable laws and this Policy.

All political donations made from OMERS in any location will be undertaken in a transparent and ethical manner that meets all applicable legal requirements. Prior to making any political donations you shall consult with the Vice President of Government Relations and the Compliance Officer for your Business Unit, as failure to comply may result in fines, penalties and reputational damage.

Personal Participation

Employees and Directors may voluntarily participate in the political process as individuals, provided that such participation is in compliance with applicable laws and conducted at their own expense as private citizens and does not create the impression that their views or their contributions are those of OMERS.

Jurisdictional Restrictions

In many Canadian jurisdictions, it is not permitted for OMERS and its Business Units to make political donations. This includes:

- at the national level in Canada;
- at the provincial level in Ontario; and
- at the municipal and school board level in Ontario.

Outside of Canada, certain other jurisdictions in which OMERS conducts business, has registered entities, and/or invests also have laws, regulations and rules related to political donations, including, for example:

- the “Pay-to-Play Rule” in the US, which limits political contributions to US state and local government officials, candidates and political parties by certain entities and employees;
- Legislation in Australia which limits political contributions by foreign donors; and
- Legislation in the UK, which applies to donations and fees to certain parties, candidates, and donees.

Consult with the Vice President of Government Relations and the applicable Compliance Officer for your Business Unit prior to making any political donations.

OMERS Participation

OMERS investment portfolio is diversified across many jurisdictions. Participation in the political process outside of Ontario in jurisdictions where investments are located may be necessary to ensure OMERS interests are considered as part of the democratic process.

Participation in Events with a Related Business Purpose

In jurisdictions where OMERS is allowed to participate in political fundraising and subject to the approval processes set out in this Policy, including but not limited to obtaining the pre-approval of the relevant Compliance Officer for the Business Unit, AC Directors and Employees may participate in events where there is a political fundraising component such as dinners, sporting events or similar occasions organized to support a politician or political party, if the event is relevant to OMERS strategy or Business Unit and will advance OMERS interests.

There is no expectation that the AC Board of Directors should conduct lobbying activities or political donation activities on behalf of OMERS.

Entertaining Government Officials

Entertaining government officials is permitted subject to applicable laws and the standards set out in the *Code of Conduct and Ethics*.

Use of Premises

OMERS will not use its corporate offices for any political fundraising activity.

Restrictions During Election or Leadership Campaigns

In Canada, participation in events with political fundraising components cannot take place at the relevant level of government during a campaign for a general election, by-election or leadership of a political party.

Required Approvals

The following approval is required before participation on behalf of OMERS in political fundraising events:

- participation by Employees is subject to the approval of the ELT member responsible for the Business Unit;
- participation by a member of the ELT is subject to the approval of the CEO;
- participation by the CEO is subject to the approval of the Board Chair; and
- participation by AC Directors representing OMERS is subject to prior approval of the Board Chair and the CEO.

In addition to the above approval, participation in political fundraising events is subject to the approval of the relevant Compliance Officer for the Business Unit, as applicable.

Further, in addition to the above approval, any event involving the expenditure of more than 10,000 in any local currency must also be approved by the CEO.

Transparency

All political donation expenditures made by OMERS must be made directly by the entity making the donation.

Exceptions

There shall be no exceptions to this Policy.

Responding to Incidents of Non-Compliance

The Policy Manager is responsible for identifying incidents of potential non-compliance under this Policy based on the established procedures and reporting such incidents to the Policy Sponsor.
