

# Job Advertisement for Operations Team – Photographer

## About TUM Carbon Removal Initiative e.V

The TUM Carbon Removal Initiative e.V is a registered organization of students from the Technical University of Munich aiming to develop and build a technology that can efficiently sequester CO<sub>2</sub> from the atmosphere and store it for at least 100 years. Thus, we aim to take our part in fighting climate change and reducing the impact of rising CO<sub>2</sub> concentrations. TUM Carbon addresses the anthropogenic induced climate change which poses a fundamental threat to the environment and human-wellbeing.

## About the Position

This position as a **Photographer** is a non-paid, voluntary work. We look for individuals that are highly motivated and want to help in the fight to mitigate the effects of climate change. The TUM Carbon Removal Initiative e.V is looking for members for its **Operations Team** with the following skills:

- Ability to record events and tells stories using images
- Perform retouching and image adjustments after shoots
- Time availability for visiting team activities and events
- Ability in video taking and editing is a plus
- Knowledge of editing software (Photoshop, Lightroom, Final Cut or Premiere Pro)
- Strong creative presence and artistic flair
- Ability to conduct own research and introduce new ideas and discussion to the team
- Independent, cooperative and conscientious way of working and open communication
