Economics Team - Business and Economics Member

About TUM Carbon Removal Initiative e.V

The TUM Carbon Removal Initiative e.V is a registered organization of students from the Technical University of Munich aiming to develop and build a technology that can efficiently sequester CO₂ from the atmosphere and store it for at least 100 years. Thus, we aim to take our part in fighting climate change and reducing the impact of rising CO₂ concentrations. TUM Carbon addresses the anthropogenic induced climate change which poses a fundamental threat to the environment and human-wellbeing.

About the Position

This position as a **Business and Economics Member** is a non-paid, voluntary work. We look for individuals that are highly motivated and want to help in the fight to mitigate the effects of climate change. The TUM Carbon Removal Initiative e.V is looking for members for its **Economics Team** with the following skills:

- Microsoft Suite knowledge, preferably Excel
- Basic business and economics knowledge.
- Research skills in various business and economics topics
- Familiarity with cost analysis in projects.
- Economics team will do a scenario analysis and sensitivity analysis for the project. Further develop the cost calculator (programmed in Python), and do a market analysis for possible output products.
