

Job Advertisement for IP Specialist

About TUM Carbon Removal Initiative e.V.

The TUM Carbon Removal Initiative e.V. is a registered organization of students from the Technical University of Munich aiming to develop and build a technology that can efficiently sequester CO₂ from the atmosphere and store it for at least 100 years. Thus, we aim to take our part in fighting climate change and reducing the impact of rising CO₂ concentrations. TUM Carbon addresses the anthropogenic induced climate change which poses a fundamental threat to the environment and human-wellbeing.

About the Position

This position as a **IP specialist** is a non-paid, voluntary work. We look for individuals that are highly motivated and want to help in the fight to mitigate the effects of climate change. The TUM Carbon Removal Initiative e.V. is looking for an IP specialist with the following skills:

- Engineering / general scientific background (engineering sciences, physics, chemical / process & plant engineering)
- Ability to read patent literature and to quickly understand the working principles of the described technologies
- Interest in innovation management
- Independent, cooperative and conscientious way of working and open communication
- Prior experience in systematic patent research using expert search terms, the patent register and the IPC classification is a plus
