

# Create with Snap

Snapchat is here for your whole creative journey. You can post your everyday moments to your Public Story or share your creativity with the world when you submit to Spotlight. For more established creators, there's an opportunity to syndicate your show on Discover or even star in a Snap Original.

## What's new for Creators:

We're making it even easier for you to create Snaps that help you stand out.

### Meet Pixy

Your friendly flying camera.

Pocket-sized and free flying, Pixy takes the magic of the Snapchat Camera and lets it fly!

[LEARN MORE](#)

**Director Mode** is a new set of camera editing tools within Snapchat that help make your videos pop.

[SEE IT IN ACTION](#)

Director Mode will roll out to iOS in the coming months followed by Android later this year. Just look for the Director Mode icon in the toolbar, or tap the "Create" button in Spotlight to get started.
