Important Information about Retirement Reform Changes known as the “Two-Pot System”

Please refer to your benefit statement to confirm the values of your member share in each pot.

Applicable Pot	Options at Withdrawal	Options at Retirement
Vested Pot (if applicable) includes your accumulated savings (vested and non-vested member share) up to 31 August 2024 (plus interest thereon) less the amount allocated to the Emergency Savings Pot as a starting balance will be allocated to this pot.	This amount may be preserved in the Fund, transferred to another Fund, or taken in cash. If taken in cash, the amount will be taxed according to SARS withdrawal tax tables.	You may either take the vested member share as cash (it will be taxed according to SARS retirement tax tables), or use it to buy an annuity. You may take a maximum of one-third of your non-vested member share as cash, and must use the balance to buy an annuity/pension of your choice. If two-thirds of your non-vested member share plus your retirement pot is R240 000 or less, you may take the entire amount in cash (i.e., both the non-vested member share and the retirement pot).
Emergency Savings Pot	This amount must be preserved, unless (1) it is less than R2 000 or (2) you have not made an emergency savings pot withdrawal in the current tax year, in which case it may be taken in cash. If taken in cash, this amount will be taxed according to your marginal tax rate (PAYE).	You can take this amount as cash (it will be taxed according to SARS retirement tax tables), or you can add it to your retirement pot to buy a pension/annuity.
Retirement Pot	This amount has to be preserved or transferred to another Fund.	The total balance in your retirement pot must be used to buy a pension at retirement. If two-thirds of your non-vested member share in your vested pot plus your retirement pot is R240 000 or less, you may take the entire amount in cash (i.e., both the non-vested amount and the retirement pot).

- **Provident Fund members who were 55 years or older on 1 March 2021** (referred to as members 55+) and who remained a member of the same Provident Fund until 1 September 2024, will automatically continue to contribute to the vested pot unless they opt into the two-pot retirement system.
 - **55+ Provident Fund members who stayed in the vested pot:** These members will continue making contributions to their vested pot according to their current Fund rules. At retirement, any amount in their vested pot can be taken in cash with the balance used to buy a pension.
 - **55+ Provident Fund members who moved to the Two-Pot System:** On the first of the month following a decision to move to the two-pot system, these members will start contributing to the new emergency savings and retirement pots and will be able to make one withdrawal per tax year from their emergency savings pot. These members will still be able to take their vested pot in cash should they resign before retirement.

Important Note:

- This option is not available to 55+ members of a **Pension Fund**, which means these members will automatically participate in the two-pot system.
