Elemental

Dulux Elemental offers a calm, grounded counterbalance to the overwhelm of modern life. Inspired by brutalist design principals, it reflects a growing desire for slow-living, emotional clarity and intentional simplicity bringing stability and quiet order to your home. Elemental is a tonal palette rich in warm whites and neutrals, deep chocolate, caramel, burnished red and layered greys creating a sense of structure and serenity.

Structured, timeless and soothing spaces

Ethereal

Dulux Ethereal offers a gentle and uplifting escape, inspired by nature and optimism. The palette reflects a collective need to pause, reconnect and rediscover the magic in our everyday lives and natural surroundings. This palette is a refined blend of soft and mid-tone hues, greens, mauves and blush pinks that feel both joyful and restorative, filled with vintage rose, warm buttercream and gentle pastels.

Soft and whimsical spaces

Evoke

Dulux Evoke celebrates the resurgence of maximalism and individual style, a desire for change and support for local and global designers. Rooted in vintage aesthetics, it embraces imperfection and cherishes treasures blending elements of the past and future to create a fresh and eclectic style. Evoke leans into rich, comforting tones creating depth, character and warmth. Earthy pinks, warm golds, and dramatic accents of grape, blue and red add contrast and a cultured edge.
