COLOUR FORECAST

2027

Dulux
Clutha

Dulux® Colour Forecast reflects the way we live, feel and connect today. This year's three palettes embrace a universal desire for comfort, meaningful storytelling and finding joy in life's unexpected moments.

For more than 15 years, the Dulux Colour Forecast has shaped the conversation around colour and design, revealing the palettes poised to influence New Zealand homes and interiors in the year ahead.

Play

Dulux Play is a joyful, human-led palette inspired by analogue connection, shared experiences and the charm of imperfection.

Sensory

Dulux Sensory is a restorative palette inspired by the reassurance of everyday rituals, mindful living and the beauty of slowing down.

Treasure

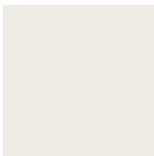

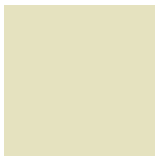

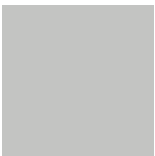

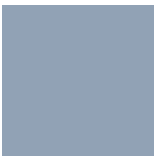

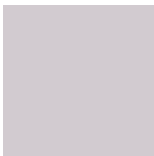

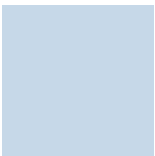

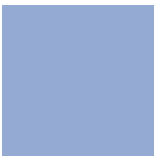

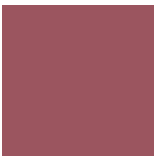

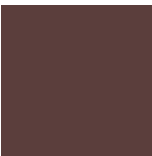

Dulux Treasure is a sophisticated palette inspired by rich storytelling, collected beauty and enduring elegance.

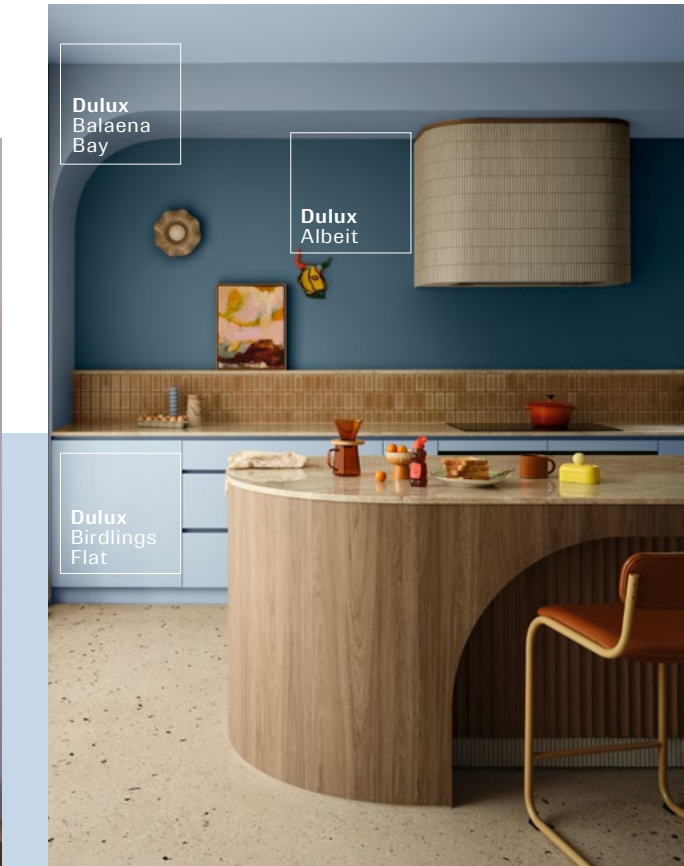

Play

Dulux Play celebrates a return to hands-on creativity, meaningful connection and the freedom to be ourselves.

Soft mid-tones, playful pastels and unexpected colour pairings create a sense of optimism, curiosity and light-hearted energy, while vibrant berry, joyful orange, whimsical blues and warm brown add contrast, personality and expressive character.
