

Shortlist for 2025 Australian Institute of Architects Dulux Study Tour Announced

The 2024 Dulux Study Tour winners

The Australian Institute of Architects and Dulux is delighted to announce the thirty emerging architects who have been shortlisted for the prestigious 2025 Dulux Study Tour.

Now in its 17th year, this annual and highly sought-after prize offers five emerging architects and Institute members a unique 10-day international experience, where they'll have the chance to engage with diverse architectural styles, visit world-renowned practices, and learn from industry leaders. The five winners, selected from the shortlist, will also have the opportunity to help shape the itinerary, including site visits and practices featured on the tour.

Reflecting on the selection process, Chair of the Jury and National President-Elect, Adam Haddow, said, "We were exceptionally impressed by the calibre and vision of this year's candidates. Each submission showcased a deep commitment to the craft, a drive to push the boundaries of architectural design, and a focus on giving back to their communities."

Dulux's General Manager of Trade, Jevan Dickinson, added, "This shortlist celebrates some of the brightest minds in emerging Australian architecture. The Dulux Study Tour is a tremendous platform for professional growth, and it's always inspiring to see how these architects will bring their experiences back to enrich our local landscape."

The five winners of the 2025 Dulux Study Tour will be announced in February 2025.
