Theatre Black
EFFECT

Create a darkened, dramatic space, ideal for your very own home movie theatre or private studio.

Dulux
Theatre
Black

## How to get the theatre look

Step 1: Prep

- Clean your surface and spot prime as necessary.
- Mask off the area.
- Stir paint well with an up and down scooping motion.

Step 2: Topcoat

- Cut in around the edges using a brush, then apply your first coat using a roller.
- Lay off the area once you have covered it with paint.
- Allow two hours dry time, then repeat for the second coat.

Everything you need to get the job done!

SHOPPING LIST

Dulux Theatre Black 4L	☐
100mm synthetic brush for cutting in	☐
Medium nap (10–18mm) synthetic roller	☐
Roller tray	☐
Paint stirrer	☐
Drop sheet	☐
Painter's tape	☐

TIP:

When cutting in, don't paint too far ahead. Keep a wet edge so your roller can blend with the brushed paint.
